## WILL TIPS OFF AL ONLY EARLY RISERS CAN BE PRESIDENT

(Special To The News)  
NEW YORK, Jan. 30. — Al said he didn't know Hoover was in Florida. Yes, he has been in there since November. Hoover invited him over at 9 o'clock, and Al said: "I am a big town boy. I don't get out that early." Then even at 11, Al had to go without his breakfast. That's a tip to you, Al. All the boys we are electing presidents nowadays are early risers. Kenny went along to referee. Raskob to try and pick up a contribution to the Democratic deficit.

Yours,  
WILL.

## PA NEW OBSERVES

George William Nowling of Thorp street, is a member of the woodchuck birthday club. This makes the total more than a half dozen.

Mrs. Charles Frazier of R. D. 3, Ellwood, writes a letter to Pa New. She is another of the woodchuckers who will celebrate her birthday on February 2 and proud of it.

Senior high school students are getting a spice which is known as variety at the present time. The entire enrollment of the educational course whirl at podagogy which is slang for teaching.

Potent facts—fruit vendor says grapes are best sellers at the present time—bachelor business man says every man should be married—man in town who has a wooden leg yet he doesn't limp, his acquaintances do not know about it.

James Riley of 420 Neshannock avenue will be nine years old on February 2. He is another member of Pa New's woodchuck family.

The woodchuckers are getting less shy every day. As the memorable day rolls along, the names are coming in for the birthday roll. If you were born on February 2, send your name into Pa New. You don't have to tell your age, ladies.

The Boy Scout exposition promises to be a treat for everybody. The scouts will do some real work. The pottery making and taxidermy displays promise something more than a treat. It will be an evening of educational enjoyment.

Until the reserve officers of New Castle and the surrounding communities realize that training is just as essential in times of peace as it is in time of war, the United States will be unprepared, is the thesis of Captain Melvin L. Craig. The army needs men, he believes, and trained men. So he requests that all reserve officers attend meetings which he has scheduled. In this way they can be trained and at the same time work towards advancement.

"We cannot parade the cases up Washington street," is the answer a reporter meets at the Associated Charities when he asks for the makings of a human interest story. And sometimes, although it shocks a reporter, he must admit that the policy is a sound one. But every now and then a story leaks out. This one concerns a young man asking for his breakfast. He was just passing through the city and he was hungry. It is not much of a story; the only point to it is that he got his breakfast. And so the Charities works, always under cover, but always doing good.

If auto drivers could only get into the swing of this safety first idea, there would be worked a real benefit to the community. More fatalities and accidents in the county in a year are due to auto mishaps than any other cause. Many of these would be prevented if safety first ideas were put into practice.

Safety first principles are well observed in New Castle, and this district. The Penn-Ohio boys are celebrating today their record as the top of the heap in the United States for safety in 1928. The Penn Shipmen completed an entire year in their hazardous work without a single record. The Lehigh Cement plant recently made a record of a plant year without an accident, and solid year without an accident, and

ESTIMATE TOTAL  
LOSS AT \$150,000

Several Nearby Cities Send  
Fire Apparatus To Aid  
In Battle

(International News Service)  
GREENSBURG, Pa., Jan. 30.—Six stores were destroyed and a hotel and theater damaged early today by flames that for a time threatened to wipe out an entire block in the business district here. Firemen from three outside communities were called upon to help the local fighters, and after a five-hour battle the blaze was extinguished. Fire Chief O. F. Myers estimated the total damage at \$150,000.

Leave Theater

A panic was averted in the Grand theater, in the Jennings building, just before the theater closed last night. The manager informed the audience that a fire was burning in nearby buildings and the people filed to the street in orderly manner. The theater later was damaged by the flames. A number of guests in the Rappe hotel in the same block left their quarters while the flames raged. The hotel was damaged by smoke and water.

Starting in a one-story frame structure in Pennsylvania avenue which housed three small stores, the flames spread on either side, the Army and Navy Store, the Scott Electric Company and the Pennsylvania Avenue

## Mysterious Man Is Indicted In Big Bond Fraud

Mysterious "John Doe" Superceding Indictment Is  
Handed Down In New  
York State

BENNIE DIAMOND  
HAS SURRENDERED

Government Hopes To Shed  
Light On Nationwide  
Bond Theft Ring

(International News Service)  
PITTSBURGH, Jan. 30.—A mysterious "John Doe" superceding indictment handed down by a federal grand jury in the southern district of New York, today indicated a new trial in the government's efforts to shed light on a nationwide bond theft ring believed to involve millions of dollars.

Copies of the superceding indictment, which also bore the names of Charles E. Knapp, convicted Pittsburgh bond swindler; his wife, Irma; Bennie Diamond and Leo Gallagher, all of Pittsburgh, were expected here today at the appearance of the Knapps and Diamond before the United States commissioner.

Meantime federal authorities who are delving into the mysterious ramifications of the alleged stolen bond ring were reticent to discuss the case. One report was that "John Doe" represented a prominent Pittsburgher not yet in custody. Assistant United States Attorney Thomas J. Todarelli of New York, when asked in the bond ring in any way dovetailing with the Nicky Arnstein case in New York, said that both involved huge sums in stolen bonds, as did the Arnold Rothstein case, but he refused to draw any parallel.

The superceding indictments returned in New York are expected to make it increasingly difficult for the Knapps and Diamond to escape return to New York to stand trial in the case.

Meantime, Gallagher, the fourth Pittsburgher involved in the case, is still missing. The Knapps were arrested two days ago, while Diamond surrendered yesterday.

## PLAN TO START WORK ON PERRY HIGHWAY

(Special To The News)  
MERCER, P. Jan. 30.—Representatives of the Holmes Contracting firm, having the contract for construction of ten miles of the Perry Highway extending from Mercer south through Mercer county and into Lawrence county, to a point about four miles from Harlansburg, are in Mercer today, making arrangements for an early start of the work.

Preliminary work will be started as soon as weather conditions permit, and the entire ten mile stretch will be completed during the summer, it is announced.

With the exception of the construction of two necessary bridges in Mercer county, no work has as yet been done on the improvement. This contract is one of the largest for road building to be awarded in this district for several years.

It is expected that the road will be completed to Harlansburg, soon after the first ten mile stretch is finished.

## Smith And Hoover Feel Much Relieved After Notable Meeting

By GEORGE R. HOLMES  
International News Service Staff  
Correspondent  
MIAMI BEACH, Fla., Jan. 30.—Herbert Hoover and Alfred E. Smith, rivals in the most spectacular presidential race the country ever saw, went their separate ways today in this gay winter playground, each somewhat relieved that their much-heralded meeting is over.

It isn't likely their paths will cross again, at least not in Miami, although both plan to be here for several weeks yet. Mr. Hoover is working. He diverts from it only enough to go fishing, his one and only diversion, and then he is casting his lines his mind is occupied with other things—cabinet appointments, policies, messages to congress, and the thousand and one other things that will claim his attention after March 4th.

Smith Enjoys Self

Former Governor Smith, on the other hand, is not playing politics and political considerations are behind him. For the first time in 25 years he has nothing on his mind except enjoying himself to the fullest. He goes first to the beach and swims, he goes to the horse races, dog races, polo grounds and he even has a lively interest in the forthcoming fight between Sharkey and Stribling which the winter colony here is beginning to discuss with avidity. He is seeing Florida for the first time and he is interested in everything it has to offer.

The contrast between the two men always has been great. It has taken Miami Beach and its gay pleasures to bring it out. Mr. Hoover doesn't golf. He cares nothing for the beach. The races hold no attraction for him and if polo, jal alai, or sightseeing interested him he has yet to give any evidence of it.

Mr. Hoover's attention was turned

## Harrisburg Man Held In Death Of Young Woman

Harry Bowman, 39, Harrisburg Man, Alleged To  
Have Caused Death  
Of Woman

NEARLY THOUSAND  
DOLLARS MISSING

Man Confesses To Drowning  
Woman, Then Changes  
Story To Suicide

(International News Service)  
HARRISBURG, Pa., Jan. 30.—While Harry Bowman, 39, of this city held in connection with the disappearance of Miss Verna Klink, also of Harrisburg, continued to assert that he and Miss Klink had leaped into the Susquehanna river together in an effort to end their lives, state police today prepared to place a charge of murder against him.

Police declare that there are discrepancies in Bowman's story of the alleged "suicide pact" since he and Miss Klink, who disappeared last Friday night, were said slightly acquainted. Authorities said Miss Klink had \$1,000 given her by her mother in her possession at the time she disappeared.

Drag River

Following the story of Bowman regarding the "suicide pact," police dragged the river near the point where Bowman said he and the girl had leaped into the water but no trace of her body was found. According to Bowman's story when he and Miss Klink failed to obtain enough money for the purchase of a candy store they agreed to die together. Bowman said however he succeeded in reaching shore after the leap while Miss Klink perished.

State police allege that Bowman and the girl had met but a few days previous to her disappearance and that he had gone to York with Miss Ethel Miller on Sunday. Miss Miller was taken into custody yesterday and police said she had \$300 in cash.

## Asks That State Add Three County Roads To System

Pulaski Road Included In Bill  
Presented By Assembly-  
man Bickett

(From News Bureau,  
State Capital)  
HARRISBURG, Jan. 30.—Acquisition of three road sections in Lawrence county as parts of the State highway system is proposed in a trio of bills introduced in the House by Representative Milton Bickett. One of the roads would extend into Beaver county.

The county member from Lawrence wants the State to take over the road starting at the New Castle city limits and intersecting with Route 80 running thence along the Shenango river to King's Chapel. Another proposed route would begin on Route 79 north of Princeton to meet State Route 233 at a point midway between Harlansburg and the Hickory township line. It would pass by way of the Audley Book farm.

Bickett's third road bill would take the highway starting at the Ellwood City borough line to Koppel, Beaver county.

Preliminary Step Toward Local

Voting Machines

By C. B. YORKE  
International News Service Staff  
HARRISBURG, Jan. 30.—Interest in legislative circles today was generally centered on the voting machine bill that was placed before the senate late yesterday by Senator Frank J. Harris, Allegheny, brother of the late John P. Harris, and who is continuing the drive for election reform.

The bill sponsored by Harris would provide enabling legislation for the voting machine amendment that was approved in the general election by the voters last November. The bill, (Continued On Page Two)

## BIG NAVY BILL WILL PASS EARLY NEXT WEEK

By WILLIAM K. HUTCHINSON  
International News Service Staff  
Correspondent  
WASHINGTON, Jan. 30.—The administration's "big navy" bill, authorizing construction of fifteen new cruisers and a giant aircraft carrier, will be enacted next Monday or Tuesday, it was conceded today by the opposition, following adoption of an agreement limiting debate.

The bill will be adopted in virtually the form it passed the house almost a year ago. This will include the time clause, opposed by President Coolidge and President-elect Hoover, which provides that one-third of the new warships shall be started during each of the next three years. The bill likewise will include the house provision, calling for construction of half of the ships in government yards and half in private yards.

Thus a fifteen-month battle of the "big navy" group in congress for a strengthening of the American navy will be won. The bill will provide for replacement of virtually all obsolete cruisers now in the navy and in this respect, will bring it closer to a parity with the British navy. The cost will be \$273,000,000 a compromise figure since the "big navy" advocates at first demanded a \$700,000,000 construction program.

All attempts to modify the bill undoubtedly will be rejected as the "big navy" block has a minimum of fifty-five senators pledged to the bill in its present form. The measure however will be subjected to attacks in debate throughout the remainder of the week.

Two of the amendments may lead to interesting discussions. One proposed by Senator Norris (R.) of Nebraska would request President Coolidge to request President Coolidge

## WILL BATTLE INSANITY PLEA FOR KALTENBAUGH SAYS CANTON PROSECUTOR

Assistant Prosecutor In New  
Castle Last Night Secur-  
ing Evidence

Learns New Facts In Case;  
To Demand Extreme  
Penalty

"We will do everything possible to exact the extreme penalty," said Attorney J. M. Aungst, assistant prosecuting attorney of Stark County, O., while here last night with Deputy Sheriff Al Ball of the same place, when questioned as to the commonwealth's attitude in the case of Edgar Kaltenbaugh, confessed slayer of John Oser and his wife Bertha Oser of Canal Fulton, O.

"That's primarily the reason of our being here," continued Attorney Aungst. "We are seeking witnesses in Grove City, Mercer, Sharon and here to be used at the insanity hearing to offset the claims of the defendant and his counsel that he is insane."

"We were on our way over here," said Attorney Aungst when asked relative to the finding of the three alienists, that Kaltenbaugh was insane "so have no report on the finding of these men, except what we see in the papers. There's no doubt but that is perfectly authentic and means that we will be forced into an insanity hearing before we can proceed with a trial."

Hearing On Sanity

"If Kaltenbaugh is declared insane at the hearing held for the purpose of determining his sanity, he will never come to trial on the charge of murder and will be placed in the institution for Criminal Insane at Lima, Ohio."

Attorney Aungst and Deputy Sheriff Al Ball arrived here last night after being in Grove City, Sharon and other points. Attorney Aungst stated that he had interviewed the mother of Kaltenbaugh and had been interested and surprised to find that she was the mother of twenty children, of whom fourteen are living and six dead. There are nine girls and five boys living and three boys and three girls dead.

Another interesting feature discovered by the prosecuting attorney is the fact that Kaltenbaugh, the confessed slayer, is a twin. He has a twin sister, who is a school teacher. She, according to Prosecuting Attorney Aungst, is of a quiet reserved disposition and bears the highest reputation and is highly respected, having made good in the profession of teaching.

Confer With Officials

While here, Prosecuting Attorney Aungst and Deputy Sheriff Ball spent some time in conference with Lieutenant Pete Hillers, Detective John Young, Sergeant James P. Steiner at

## Declares Navy Is Unprepared For Actual War

Secretary Wilbur Tells Com-

Many Repairs Needed

FRANK STATEMENT  
GIVEN COMMITTEE

Admiral C. F. Hughes Also  
Tells Committee Of Im-  
mediate Navy Needs

By WILLIAM S. NEAL  
International News Service Staff  
Correspondent  
WASHINGTON, Jan. 30.—The American navy is unprepared for war, Secretary of the Navy Curtis D. Wilbur told the house naval appropriations sub-committee. It was revealed in testimony made public today.

Conditions will grow worse in the future unless congress provides funds to adequately maintain and repair fast deteriorating fighting ships, both Wilbur and Admiral C. F. Hughes, chief of naval operations, said.

Navy Under Manned

The navy is under-manned, ships are out of repair and needed new fighting units have been denied, they informed the committee.

The testimony was given recently in connection with the framing of the 1930 navy supply bill. Wilbur disclosed sharp differences existed between the navy and the budget bureau, which resulted in the presidential budget estimate sent to congress being cut \$20,000,000 under the navy's figure.

While declaring that the navy has no quarrel with the budget bureau, Wilbur told the committee that it was

## City Treasurers Would Be Placed On Stated Salary

(From News Bureau,  
State Capital)  
HARRISBURG, Pa., Jan. 30.—City treasurers of third class cities will be placed on salary instead of commissions if the bill of State Senator George T. Weingartner, of Lawrence county, or the bill of Representative Frederick P. Behm, of Berks county, is passed.

Of the two, the bill of Senator Weingartner seems to be the more complete. It provides a minimum salary of \$2,000.00 and a maximum salary of \$5,000.00, this to be set by the city councils, with provisions for the payment of appointed clerks, stationery, office expenses and the like. The bill of Mr. Behm is not quite so complete and merely mentions a maximum salary of \$5,000.00.

Much support for the bills has been promised and there seems some likelihood of one of the bills going through.

## Start Towing Of Ship To Bermuda

Coast Guard Cutters Start

HEAVY GALE IS  
HAMPERING WORK

(International News Service)  
BOSTON, Jan. 30.—A stirring tale of the sea was being written in the rolling waves, high wind and sheets of rain approximately 600 miles northeast of Bermuda today as the spunky Cutters Mojave and Tampa were engaged in a battle with the elements in one of the greatest towing jobs ever undertaken by the consguard service.

After a thousand mile dash to sea from the New England coast, the last five hours bucking a fifty-mile-an-hour gale, the two daring cutters reached the side of the rudderless and drifting British steamship Silver Maple, with 36 men aboard and started to tow her to Bermuda.

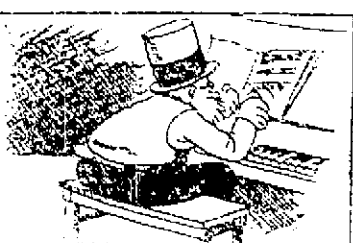

Brief radiograms this forenoon stated that the tow line of the Mojave

What to say today is a puzzling thing, and I've sat here thinking for quite a time, has to be something that's short and pungent, has to be made into some sort of rhyme. Weather, or pleasure or business or politics, all of them suit if the words will just come, but sitting here thinking without inspiration, makes a chap feel most considerably dumb. Touch on the styles, well I would just a little, but the words will not tell as they usually do, supposing I say that its just twenty-six, let's call it a day and this poem is through.

## MISS GRETCHEN BEALL WEDS WILLIAM WENDT

The home of Mr. and Mrs. J. T. Beall, Fairfield avenue was the scene of a lovely wedding Tuesday afternoon at 2:30 o'clock when their daughter Gretchen May became the bride of William Wendt, son of Mr. and Mrs. W. F. # "COMPLETELY MOTORIZED"

... thanks to the  
USED CAR

"I HAVE a wife, a daughter and a son," a business man writes, "and each of us needed a car. To buy four new cars was out of the question for me, but thanks to the present-day bargains in used cars, my family has been completely motorized at surprisingly small expense."

A rather unusual family, but the idea is not new. Very many American families in all circumstances have found in the used car an economical means of enjoying the convenience of two- and three-car ownership. For a used car is *unused* transportation which may be enjoyed by the next owner at an attractive price.

### Used cars are opportunities

A good automobile is built to stand years of use. It will provide many thousands of miles of transportation. But only occasionally are all its years and all its mileage used up by one owner.

The cars which General Motors dealers are taking in trade offer great opportunities to buy *unused* transportation at low cost. The convenience of the GMAC Plan of Payment is available.

## Westfield Farm Show In Session This Afternoon

Community And Grange  
Farm Products Show At  
Westfield Grange  
Today

### AFTERNOON AND EVENING MEETINGS

The second annual community farm products show of the Westfield Grange got underway this afternoon shortly after lunch in the grange hall on the Mt. Jackson and Enon Valley highway.

A large display of corn, potatoes, small vegetables, cabbage, eggs, poultry, baked goods and various items of the household are ready to be exhibited along the various sides of the large hall.

The show will give no valuable prizes as it is not one of financial purpose. The thought behind the show is to assemble all of the finest farm products and work of the community that all may view them. Ribbons will be given different colors being used to denote first, second and third prizes.

Judging for the various products will be done by E. J. Walters, extension agronomist from Pennsylvania State College; Miss Janet Whithall, local home economics representative and C. M. McCormick of New Castle. This evening there will be a special program which will start at 7:30 o'clock. It will include educational motion pictures and an address by J. R. Haswell of Pennsylvania State College.

The committee in charge of the affair includes H. L. McCurley, H. E. Emery and W. S. Fullerton.

## Fight To Save Accused Youth

Defense Charges Gallaghy Not  
"Man At Door" In Atlanta  
Murders

By TARLETON COLLIER  
International News Service Special  
Correspondent

ATLANTA, Ga., Jan. 30.—The battle for the life of Richard Gallaghy, Atlanta play boy, today seemed to center around the identity of a sometimes vague, sometimes quite definite "man at the door."

The prosecution paraded a group of witnesses to the stand who testified that the figure standing at the door of the pharmacy in which William Smith, a clerk, was shot to death October 16 was none other than the alleged "thrill" boy-murderer.

State counsel, after obtaining a

conviction of George Harsh, self-styled "master mind" of the "fun" crimes, are attempting to prove that Gallaghy, a tall student of Harsh's at Ohio State university, was his accomplice on the night hold-ups and murder.

On the other hand the defense is seeking to establish that the boyish defendant is not "the man at the door." They launched vicious cross-examination of every witness who testified that Gallaghy was on the scene.

## Wells To Leave For Borneo Radio Post

## WELL DRESSED MAN IS CAUGHT BEGGING

Officers Alliger and Lockard last night arrested a Greek, giving the name of Harry Manos and claiming Chicago as his home, after several complaints had been made concerning him begging money from several business men of the same nationality, for the avowed purpose of getting to Farrell. He told these men that he had been driving from Pittsburgh to Farrell and, being broke, needed money with which to get gasoline to get to Farrell. In fact he told this and several other stories before finally admitting to the police that he really was trying to get to Chicago. He was well dressed and nice appearing and had over \$13 in money when arrested. This morning he was released upon the payment back of two small sums which had been given him and ordered to be on his way to Chicago.

## Urges Separate State Department For Tax Collecting

President Of State Chamber Of  
Commerce Urges Change  
In State System

(International News Service)  
HARRISBURG, Jan. 30.—Establishment of a separate State Department of Revenue to take over the tax collecting functions of the auditor general and state treasurer was urged today by Albin B. Johnson, president of the Pennsylvania State Chamber of Commerce, in addressing the annual meeting of the organization here.

In pointing out that both the auditor general and the state treasurer at present have equal powers in the settlement of state taxes, Johnson suggested that this duplication of functions be eliminated and the proposed secretary of revenue be made solely responsible for the assessment and collection of taxes.

He said that Pennsylvania was one of the few states that combined the collection of taxes and the auditing of state accounts. He declared that these functions were in no way related and that each was important enough to occupy the full time of a separate department, adding that during the past 18 months the state "spent over \$500,000 for private audits of state accounts."

Johnson remarked that while in past years when the state revenues were greatly less than they are today

## GROWING LADS NEED FOOD FACTS

Parents Should Explain the  
Place of Sugar in Nutritious  
Diets

Thoughtless parents sometimes tell their children that sweets are bad for them. This is misleading. An eminent specialist states positively that it is not good sense to deny children sugar. Sugar may properly form a part of the regular diet in the kitchen and on the table.

Proper nutrition to children is so important that patient parents take the time and the trouble to explain it in detail. Medical authorities are warning the public these days to see that growing children and young people understand the importance of eating enough nourishing food. Young girls must be watched or they will become victims of the dangerous craze for slimness—becoming thereby easy prey to tuberculosis and other diseases.

Teach your children that it is dangerous not to eat plenty of body-building, health-giving, energy-developing foods. Sugar is invaluable in making all kinds of healthful cereals, fresh and canned vegetables and fruits more palatable and enjoyable.

Children will eat nutritious foods with more zest if they are properly sweetened with nature's ideal flavor. Sugar is food in its least expensive form. Modern candies containing nuts, fruits, milk, chocolate and sugar make excellent desserts. Most foods are more delicious and nourishing with sugar. The Sugar Institute.

the auditor general had time to devote to tax collecting while at the present time state revenues amount to nearly \$150,000,000, leaving little time for the natural functions of the department.

The head of the state chamber of commerce declared that he believed the governor should appoint a secretary of revenue who would control the collection of state taxes "upon which the balancing of the executive budget depends." He expressed the belief that if the governor rather than the auditor general had been responsible for the estimates and collection of state revenue in 1919 and 1921 the financial muddle which occurred during 1922-1923 would have been avoided, or at least minimized.

In concluding his address Johnson said:

"It would greatly facilitate the citizen's examination of the general appropriation bill if it included a tabular schedule showing the total amount carried and recapitulating the grants by departments or functions. To understand the general appropriation bill in its usual form, the reader must examine some seventy or eighty printed pages, list the items under each department and calculate totals for each and all departments—work that requires much patience and the use of an adding machine. Too few taxpayers and organizations are willing to pay this price for the information sought."

"Less government in business" is a useful slogan, but it should not blind us to the fact that government by its powers of regulation and taxation is the partner of every business today. Government influences our manner and cost of doing business; and we should give to it such time and thoughtful interest as we may nearly correspond to the stake we have in its activities. In this spirit we have briefly submitted for your consideration our thoughts on possible improvements in the machinery and popular understanding of state finances."

## Governor Fisher Says Motorists Must Foot Bill

Motorist, Not Taxpayer, To  
Bear Any Additional Costs  
For New Highways

### REITERATES STAND TAKEN ON TUESDAY

HARRISBURG, Jan. 30.—If additional funds are needed for highway improvements the motorists and not taxpayers will have to provide them.

Governor John S. Fisher today denied emphatically reports that the administration intended to sponsor a plan to get highway revenues from the interest on general or special funds in the state treasury.

"The highways of the state are used almost exclusively by drivers of automotive vehicles," the governor said. "The man for whose service good roads exist should foot the bill. He should not draw upon taxpayers of lesser means to pay for improvements which serve him."

Reiterates Stand  
The governor reiterated the stand he took yesterday that pending careful study of prospective highway revenues he will not commit himself to any plans for raising additional funds.

The plan for changing the methods of appointing trustees of mothers' assistance funds in the various counties as proposed by Representative Helen Grimes, Allegheny, does not meet with the governor's approval. Under the bill sponsored by Miss Grimes the governor would appoint three members, the county commissioners three and the seventh would be elected by the six appointees.

Less Home Rule

Such a plan, the governor asserted, would give the counties less home rule than they have at present, as no appointments are made now without the approval of the boards of county commissioners. The present plan has been in operation since the initiation of the mothers' assistance fund under the Sproul administration.

The governor will be the guest at a luncheon today given by members of the cabinet to mark the second anniversary of his inauguration. At the time of the actual anniversary on January 18 both the governor and cabinet members were too busy with legislative work to permit the occasion.

A picture will be taken at the luncheon on the old and new cabinets. Elevation of Attorney General Thomas J. Baldrige to the superior court bench and the naming of Cyrus E. Woods to fill the vacancy caused the first change in the governor's official family.

## Badly Burned At Koppel Plant

(International News Service)

ELLWOOD CITY, Pa., Jan. 30.—William Young, 54, of Koppel, near here, was so seriously burned today when his greasy clothing caught fire from the blow torch he was using while at work in the Koppel Car Repair company's plant, that he is not expected to live.

Young's clothing is believed to have caught fire from sparks of the blow torch which he was using during a high wind. The clothing was almost completely burned from his body. He was removed to the Providence hospital at Beaver Falls where his condition was reported critical.

## Leo Gallagher Will Surrender

Pittsburgh Bond Salesman  
Wanted In Alleged Bond  
Ring Theft Will Give  
Self Up

(International News Service)

PITTSBURGH, Jan. 30.—Counsel for Leo Gallagher, Pittsburgh bond salesman and last of the four local persons indicted in New York in connection with an alleged nation-wide stolen bond ring, today signified his intention of surrendering to federal authorities to answer to the government's charges.

Gallagher's counsel, L. Patrick McGrath, telephoned federal authorities that Gallagher will appear at the formal arraignment of Charles E. Knapp, his wife Irma and Bennie Diamond, the other three local persons involved in the New York indictment.

Meanwhile, formal arraignment of the four marked time while federal agents continued their investigation into the alleged bond theft ring.

## AGED WOMAN LEAVES MANY DESCENDANTS

BUTLER, Pa., Jan. 30.—Mrs. Amelia Lippold, 93, one of the oldest residents of Butler county, died at her home in Saxonsburg late Monday. She was the widow of Henry Lippold, who died 18 years ago at the age of 86. Mrs. Lippold was born in Saxony, Germany, in 1836, and came to the United States in 1865. After residing in Pittsburgh for two years she settled in Saxonsburg, the colony established by German immigrants in 1831-2.

Mrs. Lippold is survived by two sons, Theodore and Oscar Lippold, both of Saxonsburg; 15 grandchildren; 11 great-grandchildren and one great-grandchild. Funeral services will be held Thursday afternoon at 2 o'clock at the home of Oscar Lippold, and burial will be made in the Saxonsburg cemetery.

## Farmers Ask For Grading Exhibits

Many Counties Will Have Grading Demonstrations In Communities

HARRISBURG, Jan. 30.—Stimulated by the premium being paid for high-grade Pennsylvania grown potatoes, farmers in a number of the more important potato growing counties have, through their county agents, requested the State Bureau of Markets to hold potato grading demonstrations in their respective communities.

Specialists of the bureau have already held a number of these demonstrations, and more are planned for the next month. These demonstrations are usually held in storage cellars, where the farmers, following the suggestions and example of the specialist, actually take a hand in grading the potatoes as they are found in the cellar.

The potato growers are finding that the best barrier against a flood of potatoes rushing into Pennsylvania markets from Maine, New York, Michigan, Wisconsin, Minnesota, Idaho and other states is the barrier of high quality Pennsylvania grown potatoes in local markets.

## Cascara is Your Doctor's Choice

When physicians pronounce cascara the PERFECT laxative—why experiment with things that lash the system into action? Cascara, you know, is the bark of a tree. A natural and normal stimulus to the bowels.

The Indians, who used to chew this bark, had no word in their language that meant "constipation!"

Perfect regularity is possible today, and to all of us. We have cascara in ideal form; the very delightful-tasting candy Cascaret gives us pure cascara. It has helped at least a million people to habitual regularity. Millions of others, unfortunately, have stuck to stronger things and acquired only the laxative habit.

WHY THE TURKEYS DIDN'T DROWN

Several times Peter had dropped off into a doze and Gobbler had awakened him, up, muttering, "Nothing to look forward to." At last the boy became out of patience.

"Thank goodness I do not belong to the tame Turkey family, if that is the way you all go on when you are worried about anything," said he.

"If I were you I would not look for trouble. It it come hunting you, if come it must."

"Here you have weeks and weeks to be happy in before Thanksgiving arrives, and nine chances out of ten you will never lose your head at all. Who is going to catch you to chop it off, I should like to know!"

"You are not in the barnyard any longer, remember that! You have joined the Wild Turkeys, and unless you do something foolish—run yourself straight into a trap, for instance, or wander off from the flock and lose your way—I can't see that you are in any danger at all."

"Dawn is breaking and you have not had a wink of sleep. Suppose the Turkeys decide to travel a long distance today! Can you keep up with them, as tired as you are?"

Gobbler sniffed scornfully.

"Don't you worry about that, Boy," said he. "A little thing like the loss of one night's sleep will not make a bit of difference in my pace. You have cheered me up a lot. Of course, if nobody can catch me nobody can chop off my head. Why didn't you say that before?"

"Look! My brothers of the wilds are waking up and forming in groups again, too. Unless I am very much mistaken they are setting out on the march early in the day as it is. I thought so. There go the first of the old Gobblers now."

With the boy upon his back, Gobbler took his place between the fathers and sons just as he had the day before, and off he hurried with the flock. Before long they came to the banks of a river. Peter leaned over and spoke to Gobbler.

"Say, old fellow, can you swim?" asked he.

Gobbler shook his head.

"I don't believe you'd call it swimming," said he, "but every mother's Turkey of us can kick and it answers just as well. Are you wondering how we are going to cross this stream? You will have to wait only until the Turkeys make up their minds. Sometimes they take a long

time, but they'll not today. They want to get away from the neighborhood of the Lynx as fast as they can."

"Look! Already some of the Gobblers have taken to their wings."

Next: Every Kick a Boost.

Jury Completed In

Gallogly Trial At

Atlanta, Georgia

(International News Service)

COURTROOM, ATLANTA, Jan. 30.—Shrewdly and stubbornly contested for two hours and a half the first battle for the life of Richard Gallogly accused "thrill slayer" the selection of a jury was completed Tuesday.

Seven panels of a total of 84 men were exhausted in the choosing of the 12 men. Many were disqualified when they admitted prejudice or opposition to capital punishment.

Gallogly, boyish and unconcerned, sat quietly through the procedure, his mother beside him, and for the most part with Ex-Senator Hoke Smith of Georgia, an old family friend at his shoulder.

State Senate Is

Idle Till Monday

(International News Service)

HARRISBURG, Jan. 30.—After a short afternoon session Tuesday the senate adjourned until next Monday night at 9 o'clock. With the exception of the introduction of several bills, including the Harris voting machine measure, no business was transacted.

## New Thousands can now enjoy

The Packard Standard Eight Five-Passenger Sedan

## PACKARD EIGHT TRANSPORTATION

THE NEW Packard Standard Eight is priced a thousand dollars less than any previous Eight Packard has ever built.

Every refinement and improvement made possible from a long, pioneering experience in building straight-eight motors is included—yet Packard has provided this luxurious transportation at a cost which now opens the way to Packard Eight ownership to new thousands of discriminating motorists.

Available in a wide variety of distinguished body models, the new Standard Eight has all the characteristic beauty and distinction of Packard design together with the smooth and powerful performance so long associated with the famous Packard straight-eight motor, with its sturdy nine-bearing crankshaft construction.

The new Standard Eight also provides a degree of comfort and safety never before achieved—even by Packard. The new Packard Shock Absorbing System makes the Packard Eight literally the easiest riding car in the world—as well as the safest.

Why not let us appraise your present car and apply its value against your Packard Standard Eight? If of average worth your old car will more than make the down payment, leaving but small monthly payments to meet conveniently out of income.

The Packard Standard Eight is priced from \$2435 to \$2835—the Custom Eight from \$3175 to \$3850—and the Eight De Luxe from \$4585 to \$5985—at the factory. Individual custom cars are also available to order on the De Luxe chassis.

## Guardsmen Free; Jurors Fail To Reach Verdict

Elmira Jury Unable To Reach  
Decision In Fatal Shooting  
Of Jacob Hanson

BECK IS FREED;  
LACK EVIDENCE

ELMIRA, N. Y., Jan. 30.—Both Guardsmen Frank L. Beck and Surinman Glen Jennings, charged with second degree manslaughter for the fatal shooting of Jacob D. Hanson, Buffalo Elks official, are free men today.

Jennings gained his liberty, temporarily at least, today when a jury in Judge John R. Hazel's court here failed to agree on a verdict after deliberating more than 20 hours. Beck was discharged by Judge Hazel yesterday for insufficient evidence.

When the juryman filed into court at nine o'clock this morning and said they had been unable to reach a verdict Judge Hazel quickly dismissed them with an expression of thanks for their service and announced that court was adjourned to Buffalo at nine a. m. tomorrow.

Jennings was unaffected by the failure of the jurors to reach a decision and made no statement.

District Attorney Raymond A. Knowles of Niagara county, who prosecuted the case, was frankly disappointed but not surprised. United States District Attorney Richard H. Templeton, who defended Jennings, refused to express an opinion as to the possibility of a retrial of the case, although the opinion of court officials is that a conviction cannot now be secured.

## Roaming Round With Richards

Some News, Some Views, But  
Mostly Just Observations  
Of Interesting Things  
Around New Castle

Good afternoon, customers. The usual excuse for the lack of any column in the past few days. In Harrisburg and it does begin to appear as though the P. R. R. has to have something happen each week, in order to lose time. A week ago we hit a truck near Greensburg. Yesterday afternoon the

westbound train was 40 minutes late out of Harrisburg and after making most of this up, one of the wheels broke at Wilkensburg, which meant an hour and a half delay.

This \$30,000,000 balance in the state treasury seems to be a mark at which every other member of the legislature is shooting. If all the bills calling for spending money or reducing taxes were passed, the surplus would disappear like snow on a July day.

One bill would take off the anthracite coal tax, which would throw the treasury for a loss of about \$12,000,000 in two years. Another would give the cities half of the motor license fees back, which would cut millions from the highway department. Still others would pay out gratuities running up into millions, while some of the appropriation bills put in would make one think that this was the last year to get any money from the state.

Next week the women folks get a chance to see the capitol. Governor Fisher gives his biennial reception to the members and many a dress suit will see the light of day for the first time in months. Swinging a cup of coffee in one hand and balancing a sandwich and a plate of ice cream in the other is listed as an indoor sport and it's part of the reception.

For some reason Harrisburg is being thronged with even more visitors than usual this winter. Unless you have a hotel reservation you run the chance of sleeping out on the curb or else applying to the local police authorities. Meal time in the restaurants looks like Old Home Week, and the lobbies of the hotels are always crowded.

It gets tougher and tougher on the lobby hounds as new hotels go up. The new Pittsburgher, in Harrisburg, with some 2000 rooms, has lobby that looks like the mezzanine of a small hotel. All the space possible is devoted to rooms and most of the rooms are full up when you get a bed and a bag in them. A splendid hotel, however, and after all there never was much sense in wide spacious lobbies.

## After-Effects More Dangerous Than Flu Itself

Colds Attacking Weakened System  
Pave Way For Pneumonia And  
Other Serious Diseases

AVOID TOO MUCH DOSING

One of the peculiarities of influenza is that its toxins leave the digestive system upset. Constant "dosing" for the colds which come so frequently after a flu-attack still further disturbs the digestion and lessens the appetite, just when the body needs nourishment more than ever.

And yet these colds are so apt to develop into bronchitis or pneumonia that they must be treated at the first sign.

Vicks VapoRub is especially valuable here, because it is applied externally and so can be used freely with no risk of upsetting a delicate digestion. Just rub it on the throat and chest at bedtime.

Vicks acts 2 ways at once to check the cold and avoid serious complications: (1) through the skin like a poultice, and (2) direct to the air-passages by means of its medicated vapors, released by the body-heat.

## Lawrence County May Get Assistant District Attorney

Bill. Before State Legislature  
Would Allow Officer  
For County

(From News Bureau)  
(State Capital)  
HARRISBURG, Pa., Jan. 30.—Under the provisions of a bill offered in the state Senate by Senator George T. Weingartner of Lawrence county, counties of the sixth class would be permitted to have an assistant district

attorney if the district attorney and the court are of the opinion that one is needed. This would give Lawrence county an assistant district attorney. The salary to be paid to such an assistant is \$1,500 per year.

In presenting the bill Senator Weingartner said that in some sixth-class counties there were two judges and that every criminal court saw the necessity of appointing an assistant. An assistant district attorney appointed for the term of the district attorney would be an efficiency measure, he argued, inasmuch as the assistant would be familiar with the cases to be tried, where an appointment for just the session of the court would not have as much opportunity to familiarize himself with the case. The bill is now in committee, but is expected to be reported out next week.

But one other woman was in the place at the time and police are endeavoring to locate her.

The stolen pocketbook was of a dark brown color, ten inches long and about six inches in width and contained a black wallet in which there were five \$20 bills. There were also some \$1 bills out side the wallet and some change, two sets of deposit books, the key to the trunk of Mr. and Mrs. Edwards, a nurse's directory, a gold compact, gold lipstick, some cards, set of rosary beads, and a bank book of the Colonial Bank, New York, issued in the name of Mrs. Josephine Edwards.

In the fall his right leg was severely injured. It is feared that his leg may be broken.

## At what age is a man in his prime?

Many a young  
man old before  
his time

EVERYBODY will tell you some thing different. Some people are past their prime by the time they're forty. A few never know what it's like to feel in their prime. And then you talk to some hale and hearty man of 65, and he'll tell you he's been in his prime as long as he can remember.

"I'm still in my prime," he'll declare. "What's more, I expect to be for some years to come. I may not chase around quite as much as I used to. But I keep myself in first-class shape, just the same—thanks to Nujol. Nujol is the habit of a lifetime with me."

"It's all a matter of how well you feel. And that's largely a matter of keeping your system in good working order. Living by regular schedule. "Nujol helps things function like clockwork. Makes everything normal and regular, just as Nature intends it to be. Nujol is not a medicine. It contains absolutely no medicine or drugs. So it can't possibly upset or disagree with anybody."

"It's just a pure natural substance. It not only keeps an excess of body poisons from forming (we all have them), but aids in their removal. "It's these poisons that sap your health and energy, slow you up, make you old before your time."

Years don't count

The same thing holds true for women, too. They need a natural aid like Nujol just as much, if not more than men. For there are so many physical conditions they have to go through that throw them off balance—upset their normal schedule. Start the Nujol habit now—no matter whether you're only 20, or whether you're getting on in years. Buy a bottle today. You'll find Nujol at all drugstores. Perfected by the famous Nujol Laboratories, 26 Broadway, New York. Sold only in sealed packages, never in bulk. Keep up the treatment for the next three months—faithfully—and you'll never want to go back to just trusting to luck again.

## Elect Motor Club Governor's Board

Name 17 Men And Women On New Castle Motor Club Board For Year

### MEMBERS MEET TUESDAY NIGHT

Some seventy five members of the New Castle motor club met Tuesday evening in the crystal ball room of The Castleton for their annual business meeting and election of the board of governors. The meeting was in charge of Bernard Hamilton, manager of the club.

The governors will meet in the near future and elect officers as well as decide other important business which must be taken care of by this group.

In the discussion of the evening the club apparently was not in favor of the proposed increased gas tax in the state and are hoping to combat it.

The following men and women were elected to serve for the coming year on the board of governors:

P. S. Hoyt, O. H. P. Green, Mrs. Jessie Jameson, Charles Cripps, E. C. Hoffmeister, William McLaughry, E. T. Ramsey, L. W. McCune, W. S. McGinnis, Ivor Davis, S. R. Huey, Jack Lamoree, John S. Abel, Mrs. Grace Johnson, C. C. Cooper, W. J. Conery and William W. Campbell.

## Perry Gaston Post Meets On Friday

Members Asked For Report On Sale Of Tickets For Commander's Banquet

Members of the Perry S. Gaston post No. 343 of the American Legion will meet on Friday evening, February 1, at 8 o'clock. The meeting promises to be an important one and each legionnaire is strongly urged to be present.

It is asked that all members having tickets out for the national commander's banquet be at the meeting to make a preliminary report. The committee in charge must know how the sale of tickets stands to date.

Members of the banquet committee are also urged to attend because at this time final arrangements relative to the banquet will be completed and the status of each group made known.

The mess sergeant of the American Legion is planning an oyster stew for the meeting this Friday. It is announced.

New Castle Division, P.O. Railway, Wins Possession Of Trophy

### HAD BEST RECORD DURING YEAR 1928

C. S. McCalla, R. N. Graham and other high officials of the P-O railway today attended the Victory banquet in honor of the transportation department, New Castle division, held at the Cathedral.

The transportation department of the local division of which C. C. Coulhard is superintendent captured permanent possession of the Safety trophy for the year 1928.

The local employees were lauded for their careful operation during the year. Employees of other divisions also were praised for their efforts to avoid accident and injury.

The Victory banquet for night turn operatives was staged at noon and the men who operate the cars and keep the tracks in safe condition will dine at six o'clock.

## FRIED TO MAKE "INLAND VOYAGE"

Heroic Captain Of America Relinquishes Command To Manning

NEW YORK, Jan. 30.—In response to a popular demand, the United States shipping board has ordered Capt. George Fried, hero of the Antioch and Florida rescues, to relinquish command of his ship temporarily and prepare to make a tour of several of the country's larger cities.

When the rescue liner America leaves for Europe tonight it will be under command of Harry Manning. Fried's 32-year-old chief officer, who was in command of the lifeboat that saved the Florida's crew.

Manning will be the youngest man ever to command the ship of the America's tonnage, but this will not be his first experience as captain of an ocean liner. Despite his youth he has held master's papers for several years and when Capt. Fried was transferred to the America from the President Roosevelt, which rescued the crew of the Antioch three years ago, Manning was temporarily placed in command.

Announcement Made At Luncheon

The announcement of Capt. Fried's "inland voyage" was made at a luncheon given by Charles V. Bob at which the rescuers from the America were the guests of honor. After Capt. Fried and Manning had told of the rescue George S. Mabee, assistant general manager of the United States lines, made the announcement.

The orders from the shipping board were the result of thousands of letters from all over the country asking that other cities than New York be given a chance to see Capt. Fried, whom Mabee called "the greatest officer the American merchant marine has ever developed."

"They say that the radio has removed the romance of the sea," Mabee said, "but if the romance of the sea has been removed the courage of the crews still remains."

Capt. Craig presented to the club the purposes of the summer camps, why the United States army believes it is helping the youth of today by

## Explains Plans Of Stock Buying

National Family Stores To Set Aside Blocks Of Stock For Customers

NEW YORK, January 30.—In an interview today, Mr. A. S. Lipman, President of National Family Stores, Inc., explained a novel plan for the participation of customers in the growth and continued success of the National Family chain.

Under arrangements with bankers of the chain, Mr. Lipman stated that a limited portion of both common and preferred stock had been set aside for customer purchase. In this way, part of the profits already realized through previous expansion would be at once turned back to those who had made possible the rapid growth of the chain.

"A good deal has been done," said Mr. Lipman, "to facilitate employee participation in the earnings of substantial enterprises, and this idea is thoroughly justifiable and beneficial. However, no tangible recognition is ordinarily given to customers, who, through confidence in the products and methods of American business, are actually entitled to share above everyone else in the results they help to create."

"I believe the time is rapidly approaching when the idea back of the plan we have adopted will be given greater recognition. It welds the customers of a business into a group that is intensely interested in those undertakings which best serve their needs."

"We are fortunate in that we can reach our customers directly in the cities where our 30 stores are located. I have written to each customer, inviting participation on the exceptional basis that we have worked out. Our bankers, F. A. Brewer and Co., of New York and Chicago, have sent further specific details of the plan, whereby customers may purchase on extended term. This will make it easy for every customer to own at least one or more units, which consist of one share of preferred stock and one share of common stock."

"We realize that a plan of this nature is an experiment, but we are depending upon the good judgment of our customers to see the benefits of active participation with us in our plans."

"We expect that 1929 will see double the number of National Family stores in operation throughout the country. Our aim will be to maintain our record of showing an operating profit from the moment a new store is opened."

"In the eight years that the National Family Stores have been in operation, sales have consistently increased. In December 1928, sales were up 230 per cent over the previous year, and the year 1929 was completed with a net gain of 98 per cent over 1927, the largest increase of 30 chains reporting."

The National Family Stores, Inc. operate the Union Store at 35 East Washington street in this city.

sponsoring such. He further explained how a C. M. T. C. recruit, interested in the work, might rise in position to be commissioned in the reserve officers' corps.

"The C. M. T. C. camps are not advertised as summer vacations," said Mr. Craig, "for there is plenty of hard work to be done. The camps are character builders and are primarily a place where physical fitness is stressed and where the message of health is told. A strong moral character is also one of the supreme aims of the summer camps."

Then Capt. Craig went on to describe the daily duties, how from 7:30 to 11 a. m. the boys' time is devoted to military instruction and courses in citizenship and how from 1 to 4 p. m. the entire time is occupied with supervised athletics of every kind. Wholesome recreation is another outstanding purpose of the camps.

In conclusion the speaker said that he assumed each member of the club was interested in C. M. T. C. work. He said he hopes that each Kiwanian will broadcast the story of the C. M. T. C. to their sons, relatives or neighbor boys who would be more than glad to know about the summer camps.

## Salts Fine For Aching Kidneys

When Back Hurts Flush Your Kidneys As You Clean Your Bowels

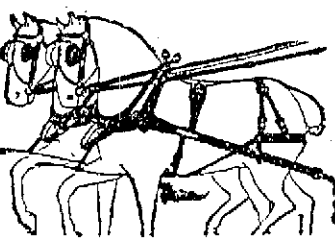

Most folks forget that the kidneys like the bowels, sometimes get sluggish and clogged and need a flushing occasionally. else we have backache and dull misery in the kidney region; severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine so they no longer irritate, thus helping to relieve bladder disorders.

Jad Salts is inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble.

# I like it

- is motordom's landslide verdict by actual ballot

1,000,000 Super-Six owners lead the overwhelming vote

In more than 5,000 Hudson-Essex salesrooms all motordom is voting, "I like it"—of the Greater Hudson, and of Essex the Challenger.

Thousands are seeing and inspecting these beautiful new cars. Thousands are riding. Thousands are experiencing the performance of greater power and smoothness, the efficiency of new type double action 4-wheel brakes, the greater riding and steering ease, and the even greater economy of these cars.

And on just such ballots as shown at the left they are personally marking and depositing the mightiest verdict of favorable opinion ever authentically expressed for a motor car—And that opinion is almost unanimous.

See these cars for yourself at the nearest Hudson-Essex Salesroom—and vote your own ticket.

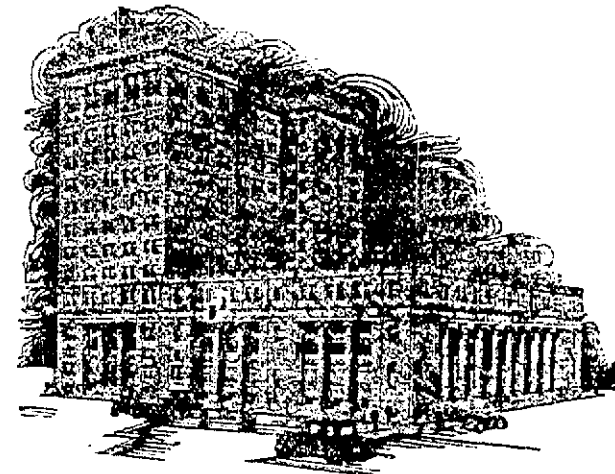

Seven Essex models from \$695 up at factory; fourteen Greater Hudson models from \$1095 up at factory.

## Salesman Admits Drowning Woman, Robbery Motive

Millersburg Perfume Salesman  
Confesses To Killing Of  
Woman For \$900

HARRISBURG, Jan. 30.—Harry Bowman, 24-year-old perfume salesman of Millersburg, Pa., confessed that he drowned Miss Vera Klum, aged 30, missing manager of a candyland confectionery store here, about midnight last Friday in the Susquehanna river at the foot of Walnut street a few hundred feet from the local police headquarters. Police say robbery was the motive for the crime. The accused slayer is alleged to have told police that he took \$900 from the young woman and then threw her into the water from the river bank and held her head under the surface until she ceased struggling. Police were still dragging the river for her body late yesterday afternoon. A signed confession was obtained from Bowman by police in which he takes all the blame for the girl's death.

## Senate May Vote On Cruiser Bill Sometime Monday

(International News Service)  
WASHINGTON, Jan. 30.—A final vote on the administration's new cruiser bill next Monday was arranged when the senate adopted an agreement limiting debate to the afternoon of that day.

The agreement virtually ended a year-old battle to enact the bill which provides for the building of 15 new fast cruisers and a giant aircraft carrier. Beginning at noon Monday each senator will be limited to a half-hour's speech with ten minute speeches in order after 4 o'clock.

Administration leaders predicted a final vote late Monday.

## Editor Praises Moonshine Brand

(International News Service)  
TONOPAH, Nev., Jan. 30.—Let those who make derogatory remarks about the brand of moonshine dispensed in this city beware, for this liquor, illicit or not, has its champions.

Recently Prohibition Officer C. H. McDaniels made a public statement that Tonopah moonshine "was poor". Whereupon, the editor of the Tonopah Daily Bonanza wrote an editorial which said in part:

"McDaniels cannot abuse Tonopah moonshine whiskey without having an answer. Tonopah takes particular pride in its moonshine. It is the best in the country."

# Beauty Care right in your own Dishpan!

## 305 Famous Beauty Shops Find—

"With all our experience we cannot distinguish between the hands that never wash dishes and hands that use Lux in the dishpan."

NOBODY has a better chance to compare women's hands than the experts in these famous beauty shops all over the country!

And they find that—

"Lux for dishes means hands that are truly lovely—soft and white as the hands of leisure."

Here is beauty care in your dishpan!

While you are washing dishes with gentle soothing Lux suds, your hands are gaining a half-hour or more of real beauty care!

The secret is this: Lux is different from other soaps! It cherishes the delicate oils of the skin, while so many soaps pitilessly dry these beauty oils—leave the skin roughened and red looking.

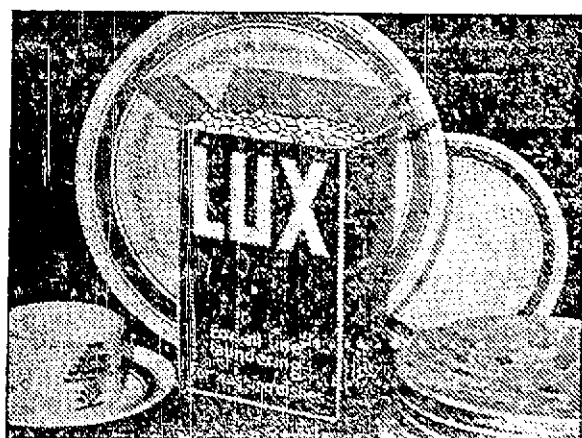

Best of all, this wise, simple beauty care costs almost nothing. Lux for all your dishes costs less than 1¢ a day!

Here is the wisest, most inexpensive beauty care known—right in your own dishpan!

THESE FAMOUS HANDS of Miss Irma Wright, world champion amateur typist, delight big audiences with their speed! "Lux in my dishpan keeps my hands supple and white," she says—"solves my problem of being both champion and home-maker."

OF COURSE DISHES SHINE, glasses sparkle, with lovely Lux suds—instantly sparkling even in hard water! And Lux costs so little! The big package of Lux will wash 6 weeks' dishes for the average family—lovely hands for less than 1¢ a day!

FAMOUS BEAUTY SCHOOLS also find Lux gentlest to the hands! The National Schools of Cosmeticians chose Lux for use in manicuring because Lux suds proved most soothing! "There is no better beauty aid than Lux in washing dishes," they add.

96 OUT OF EVERY 100 BRIDES questioned in 11 great cities are using Lux for their dishes, to keep their hands truly lovely! These modern girls mean to keep house without losing a bit of youthful charm. They find Lux means beauty care!

## HOUSE OF CARDS - - - - - By Laird

She is building a house of cards, and hesitates to place the winner—her ace of hearts—on top of the pile.

Well she may, for a dwelling built of such flimsy stuff will go over with the first contrary zephyr.

Many a young couple does rely on just such material for their life's happiness, however. They have altogether false ideas as to what makes Spades are builded in only when they represent other people's work.

Clubs when Jack and Jill want their own way and bludgeon others to get it. Diamonds are placed here and there where they will glitter the most, regardless of whether they are real gems or merely paste. Hearts—other hearts—are ruthlessly sacrificed in the building—crushed into the superstructure with no thought of the feelings of the owners.

And then Jack and Jill, their house complete, expect to be happy and contented in it, and they cry out against Fate when it falls at the first contrary wind, crushing them in the wreck.

## SWICK FOR DRY FUND AMENDMENT PROVIDING SOME CHANGES ARE MADE

By ARTHUR C. WIMER  
Washington Correspondent for The News  
WASHINGTON, D. C., Jan. 30.—Congressman J. Howard Swick will not oppose the passage of the Senate amendment to provide \$24,000,000 for additional prohibition enforcement if the amendment is rewritten to omit the phrase "national prohibition act."

As originally written the amendment would provide for the appropriation of \$24,000,000 for the enforcement of the "national prohibition act." There are now powers at work in the House however which would have the measure rewritten in such a manner that the provision "national prohibition act" would be omitted and the president would be permitted to expend the fund in

strengthening the coast guard and customs service and treasury department.

The congressman feels that the amendment originally written would merely duplicate funds already considered ample by prohibition enforcement officials. He expressed himself as being opposed to the passage of such legislation on the grounds that prohibition officials who oppose the amendment are better acquainted with the needs of the enforcement bureau than are the members of congress.

Mr. Swick however said today that if the amendment is rewritten so that the phrase "for the enforcement of the national prohibition act" is

omitted he will be inclined to favor its passage.

The congressman does not oppose the appropriation of money to be expended on enforcement work but he does not think it advisable for congress to disregard the advice of officials of the bureau of prohibition and appropriate funds in the face of opposition from those officials.

### Jensen Forced To Land His Plane

(International News Service)  
ROOSEVELT FIELD, N. Y., Jan. 30.—Martin Jensen, Dole flight prize-winner, who hopped off here this morning on an attempt to set a new world's endurance record for solo flyers, was forced down at Eaton's Neck, near Northport, L. I., this afternoon after being in the air slightly more than two hours.

Jensen brought his plane down on a barren stretch of beach without injury.

In a telephone call to Roosevelt Field he said that his plane was unable to properly carry its heavy load of fuel because of a high wind blowing over Long Island.

# Jones Is Completing Remarkable Product Of Wood Carving

James H. Jones, pastor of the Knights of Malta hall, East Washington street, for the past five years, and formerly a barber by occupation, has on numerous occasions in past years proven himself a genius in the construction of articles out of wood. But he is now completing in his spare time what might be termed his masterpiece in the shape of a church building of small size, but in which there is every element to be found in a church even to a congregation and a minister.

The church building, constructed out of pieces of waste lumber and store boxes picked up here and there and other odds and ends which happened to fit in with his tedious work was completed September 1, 1928. It had been under construction since June 1, 1927.

Not satisfied with that Mr. Jones is completing a church yard and a cemetery, executing everything to the minutest detail through the medium of a small penknife. All of it is handwork with a small knife.

The fence was started about the middle of last September and it is being completed with electric light posts at corners. It is even cutting out small tombstones for the cemetery and executing them with such remarkable likeness to those seen in regular cemeteries as to cause the in-

most interest. When entirely completed he plans to have small automobiles in the roadways of the church yard and cemetery and gates that open on regulation but very small hinges.

The church is 19 1/2 inches long, 10 inches wide and it is 30 inches from the base of the church to the top of the steeple.

There is a complete basement to start with. The outside is marked to resemble regulation foundation building stones. In the basement is a small replica of a heating furnace, pipes and all. There is a stairway from the basement up into the vestibule of the church with balustrade, steps and everything complete.

There are steps from the outside up to the main entrance. There is a door swinging on small regulation hinges. There is another swinging door into the main auditorium where there are rows after rows of pews in which there is seated a congregation of realistic appearing women clad in silk dresses, which were formerly neckties. In one corner of the front of the church is a choir loft with members of the choir and a pipe organ. On the other side is the pulpit with the pastor standing there apparently intently gazing at a passage of scripture which he is reading or about to read. The open Bible lies on the pulpit.

There is a carpet on the floor of the main auditorium and also a floor covering in the vestibule made very realistic in a combination of many colors.

There are many windows in the auditorium, some of which are colored. Some are set in regular frames. One is adjusted so as to permit Mr. Jones to reach in to adjust anything that gets out of order.

There is a bell high up in the spire and lower down there is a clock telling the time and facing in all four directions. Just below the clock there is a broadcasting station with chairs and other equipment required for such a place.

There is an adjustable part of the floor of the auditorium which Mr. Jones has arranged in order that he may adjust the lighting system when necessary.

On the outside of the church he has painted it so that it gives the appearance of being brick. The roof of the building looks exactly like shingles by reason of the manner in which it is placed. There are rain spouts and decorations in the likeness of stone, which were cut with wonderful exactness from pieces of wood one and one-half inches through and extending around the cornice of the building.

The ceiling of the church auditorium is complete in every detail, being designed with a center piece and corresponding pieces at each corner.

It was completed without sketch or pattern. It can only be appreciated by being seen. The entire affair is completely lighted with electricity.

Two other very artistic pieces of the handwork of Mr. Jones completed some years ago are a radio cabinet and a cabinet for a victrola. They are extremely fine pieces of woodwork and show great skill and patience on the part of Mr. Jones.

**How to Darken Gray Hair**  
By BERYL WEST  
I repeat what I have often said—there's no excuse today for a woman submitting to gray hair and looking older than she feels. Gray, faded or streaked hair may be so perfectly restored to color that it need be only your own boudoir secret. Nothing more or less than a mixture of sage tea and sulphur is the magic.  
One may either prepare the mixture at home, or as most people prefer to do, buy it already prepared and ready to use. Wyeth's Sage & Sulphur is the name of the ready-to-use preparation and since all druggists sell it at 75c a bottle, there is really no need of going to the trouble of making it yourself.  
You simply moisten a comb or soft brush with it, and draw it through the hair, one strand at the time. One application banishes the gray and one or two more completely restores your gray, faded or streaked hair to its original color. There is no artificial dried look. The whole effect is one of perfect naturalness. My readers would be surprised if they knew of the thousands of men and women who use this preparation.

**To Hear Lectures On Teaching Of English Language**  
Sister DeLillis, principal of St. Mary's Parochial School, and as many other Sisters of the teaching force of the school as can go, probably three or four in all, will go into Pittsburgh Friday to hear the lecture on the teaching of English in elementary schools to be given at the auditorium of the Boys Catholic High School, 4740 Fifth avenue, that city, by Dr. Lacey of New York, who has for many years been engaged in the teaching of English to elementary school children.  
The lecture will be given Friday, February 1, at 3:45 p. m., it is announced by Rev. Paul E. Campbell, D. D., superintendent of parochial schools in the diocese of Pittsburgh, and it is anticipated that as many as possible of the teaching Sisters of the diocese will attend the same.

**Mrs. White To Leave For Washington, D. C.**  
General Secretary Of International Quota Clubs To Begin Duties In Capitol City  
Mrs. Elizabeth White of this city who was recently appointed to the position of general secretary of International Quota Clubs plans to leave next Monday for Washington, D. C., the headquarters of the club, to begin her new duties.  
Mrs. White will be present Thursday evening at the meeting of the Quota Club at Brownsville, Pa., where she will assist in the installing of new officers. On Friday evening she will be in Buffalo, N. Y., and on Sunday morning will give an address at the First Presbyterian church of this city.

**Coon Hunters Will Meet On Friday**  
Regular meeting of the members of the Lawrence County Coon Hunters' association will be held Friday, February 1, at 8 p. m. in the Y. M. C. A. It will be the first meeting with the new officers, including President Charles Martin, in charge, and all members are expected to be present. One of the principal matters up for consideration will be the discussion of ways and means of securing the cooperation of the game commission in changing the coon hunting season back to November 1 from October 15, it being claimed by those really interested in coon hunting that the young coons are not being given an opportunity of maturing before being killed when the earlier hunting season prevails.

**Rev. Fr. O'Shea Much Gratified**  
Receives Many Messages Expressing Regret He Is Leaving City  
Since the formal announcement of the transfer of Rev. Fr. F. P. O'Shea, pastor of St. Mary's parish, to the pastorate of St. Peter's parish, North St. Petersburg, Father O'Shea has been the recipient of an ever increasing number of telephone calls and personal calls from members of his parish and the people of the city in general, expressing their regret at his departure and also their hope for a pleasant and successful pastorate in his new location.  
The expressions of kind regard from people of this city, Non-Catholic as well as Catholic, has been most gratifying to Father O'Shea, who will leave for his new parish, feeling that he has the best wishes of this entire community behind him in his new work.  
He plans to leave here Thursday morning and all his local parishioners and friends are making the most of the last moments of his stay to bid him farewell. He will assume his duties at St. Peter's immediately upon his arrival there.

## Fire Damages Gilfillan Home

Residence At 221 Northview  
Avenue Damaged To  
Extent Of \$2,500

**FIRE STARTS FROM  
OVERHEATED FURNACE**

Dense Smoke Prevents Firemen Entering Home; Gilfillan Ill; Taken To Neighbors

A two alarm fire, originating about the heater in the cellar, did damage approximated at \$2,500 to the home of James H. Gilfillan, 221 Northview avenue, late Tuesday afternoon.

The fire alarm, bringing No. 2 fire company and truck B from the Central Fire station, was sounded at 3:35, while the second alarm, calling No. 1 and No. 6 companies into service, was sounded at 3:55.

Fire Chief Charles H. Lynn ascribes the cause of the fire to an overheated furnace. The fire started, he states, either on the top of the furnace, or in a coal bin, built very close to the furnace. When the first alarm was sounded and No. 2 company and truck B arrived, all the fire was in the cellar. Rapidly the fire spread through the cellar and ran up the partitions of the folding doors. Then it spread out under the floors of the second floor. Another channel of the fire was up the outside of the house between the weatherboarding and the plastering on the west side of the building. It also broke out under the front porch roof and was going up to the attic, beneath the weatherboarding when it was headed off.

"This was one of the most smoky fires for the size of it that I have worked for a long time," stated Chief Lynn. "For one and one half hours it was impossible to get into the building because of the smoke, and

when entrance was finally gained, we worked under immense difficulties.

"No. 2 first laid a big line of two and one half inch hose and we fought with it and the booster of truck B until No. 6 and No. 1 arrived. Then No. 6 laid another big line. We worked the two big lines front and rear, after which we slantized one big line with two reducers and licked the fire."

No. 2 department laid 400 feet of two and one half inch hose; No. 6 also laid 400 feet of two and one half inch hose; truck B used their 70 gallon booster tank; No. 1 laid 50 feet of reducer; and the Chief's car laid 50 feet of reducer.

James H. Gilfillan was ill at the time of the fire and neighbors took care of him and his children, states the fire chief. The house is owned by J. Clyde Gilfillan.

## Faculty And Club Banquet On Friday

## MERCER NEWS

MERCER, Pa., Jan. 30.—The largest number of prisoners to be incarcerated in the Mercer county jail is reported today by Sheriff Dan Calahan. One hundred and seven are imprisoned.

Of this total 87 are men and 17 are women. There is very little chance for this number to be reduced for some months, says Calahan, for of the 107 only three are to be taken to penal institutions, while the remainder are sentenced to jail.

Thirteen more prisoners are out on bail. They will be sentenced in the near future. By the time that the January term of court is over the sheriff estimates that he will have 125 prisoners.

John Thorne of Mercer will reopen this week at New York City in the "Vagabond King." Thorne is playing comedy lead in the production. The company has been playing towns about New York ever since the first of the new year. After a lengthy run on Broadway the company will play in Boston.

It will be remembered that Thorne played in the "Vagabond King" when it was presented in New Castle.

A short crop of wheat is predicted for next summer on account of the hard winter, say local weather prophets. Alternate freezing and thawing and lack of sufficient snow to keep the ground covered will be the reason for the shortage of Pennsylvania wheat.

March 1 will be the opening date of the new Hempfield township school building. The nine schools of the township will be consolidated under one roof when the change takes place. Three hundred and fifty students will be affected by the change. Cost of the building is \$50,000.

## Cities Seeking Return Of Some Of Auto Taxes

Organizing In State Legislature To Have Measure Approved

PHILADELPHIA  
ALREADY GETS SUM

(From News Bureau)  
HARRISBURG, Jan. 30.—Forces are being organized in the legislature to secure a return of a portion of the automobile license fees to cities of the state for highway purposes. As a result of a conference with Governor Fisher representatives from the cities are uniting to put up a strong battle front at the present session.

All is not smooth sailing for the city members in their fight for the rural delegation is eager to secure relief for their districts by having the state take over more road sections as part of the highway system. The urban members, however, are preparing for the strongest bid yet made. While the governor has given a sympathetic ear to the arguments of the city representatives to their scheme he is unalterably opposed to

## STOMACH UPSET

Get at the real cause. That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach trouble. Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with "indigestion and bowels"? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. Know them by their olive color. They do the work without griping, cramps or pain. All druggists. Take one or two at bedtime for quick relief. But what you like. 15c, 50c, \$1.00.

any depletion of the highway department's fund to care for this additional burden. In his message to the legislature he has recommended that city streets that form part of state highway links should be made part of the system.

This suggestion has not met with any eager response from the city members. They contend that the state and city should not join forces in building streets and that friction frequently would result from joint responsibility. What they desire is a flat return of money to be expended for street repairs as the city council see fit.

Even since automobile traffic began to be a major municipal problem efforts have been made to secure monetary relief from the state to aid in street repairs. In 1925 the legislature gave Philadelphia \$200,000 in addition to the share the county received from the gasoline tax. Two years ago that amount was boosted to \$500,000 for the biennium ending next May 31. That sum in addition to the gas tax money returned to Philadelphia is almost \$2,000,000 going back to the city for highway purposes in the two year period.

With the Philadelphia street aid as an example every city in the state now is louder than ever in its demands for a partial return of the automobile license fees.

One of the chief arguments advanced by the proponents of state aid for city streets is the fact that excepting Philadelphia no other county in the state grants the cities any part of the gasoline tax. In Allegheny county the amount of money returnable to the county from gas tax is almost as high as in Philadelphia and the county authorities spend it on their own road system.

With the possibility of an increase in the gasoline tax to four cents a gallon no effort will be made at the 1929 session to advance the license fees on passenger cars and trucks. The additional cent of gas tax will be used to maintain the 1800 county bridges as part of the highway system and perhaps state maintenance of city streets. These two subjects were recommended by the governor. Some of the representatives in the delegation that called on Governor Fisher to solicit his influence on the partial return of license money took the view that registration fees in Pennsylvania are too low. If any return is to be made to the municipalities that is about the most logical way of securing any relief.

It is possible that two years hence a much stronger effort will be made for the cause seems lost this time although it really is just getting organized. The plan used in other states whereby municipalities issue their own auto license plates may offer a solution. That would give cities and boroughs an opportunity to get additional revenues for road purposes.

That plan would curtail some opposition from the rural members for their districts would share in the scheme. Organized motorists, however, will fight any attempt to further increase their tax load although their demands for additional improved roads appears never to be met.

## School Conditions Will Be Discussed

Conferences At Directors And Secretaries Meetings Will Take Place

HARRISBURG, Pa., Jan. 30.—The school division of the state bureau of child health today announced that it is arranging for a series of meetings with various representatives from the school districts in which marked insanitary conditions have been noted in the buildings for the past few years. They have been called for conferences during the conventions of directors and secretaries of school districts to be held at the Capitol during February 5, 6 and 7 and will meet with the state health officials at that time.

This is the first step in the State Health department's campaign to eliminate school buildings in the rural sections that have proved to be health menaces.

## DEMANDS STATE LAW FOR BIBLE IN SCHOOLS

LANSING, Mich., Jan. 30.—Mandatory reading of the Bible in all public schools of Michigan is the objective of a campaign which will follow the Citizens' conference on Religion and Morals in Education here. It was announced by Dr. W. S. Fleming, Michigan representative of the National Reform association, which is sponsoring the conference.

At the close of the session Dr. Fleming made a plea for "at least \$1,000" in finance the campaign and the conference. He told the audience that the National Reform Association which has been carrying on a program of education in Michigan the last two years intended to follow the conference with a campaign to place the Bible in all public schools of the state.

Later he said that because voluntary Bible reading leaves the teacher exposed to the attacks of forces opposed to Christianity the objective of the campaign would be for a regulation making daily reading of the Bible in the public schools compulsory. An effort will be made to bring the matter before the state legislature during its present session he said.

# The Neighbors will KNOW without being told

4-Door Sedan, \$845  
Body by Fisher

PEOPLE don't go around telling their neighbors, "I'm progressive. I'm looking for finer things. I'm not satisfied with just anything any more." It simply isn't done. Yet neighbors have ways and means of knowing. And one of their surest signs is the family automobile.

That's why the New Pontiac Big Six offers so much to up-and-coming Americans. It represents progress. It embodies big car luxury, performance and style. It constitutes an impressive step up from lower-priced transportation. It does all this—and here's an important point—at the same low base price of \$745.

The Pontiac Big Six is a real innovation—a brand new car from beginning to end. It offers big car performance produced by a big, new L-head engine, accurately balanced rotating parts, new and silent internal four-wheel brakes, Hotchkiss drive and

many additional mechanical features of equally high quality. It provides the beauty and comfort of a car 167 inches in overall length. It incorporates the style and luxury and that added measure of value which bodies by Fisher contribute.

And in this way it appeals to those thousands of Americans who are looking ahead. Some of them could pay up into the thousands for their automobiles. Sometime they may. But this year, for reasons of their own, many of them who could pay more will not do so. For them the New Pontiac Big Six offers a happy solution—big car qualities at prices which make no great drain on the purse.

Prices \$745 and up, f. o. b. factory, plus delivery charges. Bumpers and rear fender guards regular equipment at slight extra cost. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

I am not to be relieved as  
commander, it seems. Major Lecky  
has been made lieutenant colonel and  
Captain Davison has been made ma-

DANIEL LEASURE.

Newport News, Va.,

As Jeff starts for home today I pre-  
fer to send this letter by him, though  
it would reach you sooner by mail.  
He goes home on the recruiting ser-  
vice for six months, and I presume he  
will make his headquarters in New  
Castle.

We arrived at Fortress Monroe on  
the 18th and the next day located on  
the banks of the James river and are  
enjoying the still monotony of camp  
life, without the excitement of ex-  
pecting an hourly brush with the en-  
emy. Our past services and fatigue  
tell on us now, and quite a number  
of the officers and men are languid  
and listless, but not sick. I have  
John Cannon with me at my own  
quarters and he soon will return to  
duty. I look a little for Uncle James  
to come and see us while here.

I have no idea how long we will be  
here, though of course it cannot be  
long. Stevens' division has been made  
the First division and of course gets

the preference in leading the attack  
whenever it is to be made. The South  
Carolina troops are looked upon with  
some degree of confidence. I do not  
know how Captain Hamilton will suc-  
ceed in recruiting, but I scarcely ex-  
pect much success unless his friends  
help him. He is so quiet and modest  
he will stand no chance against the  
waddy, clamorous advocates of other  
regiments, especially those on the  
"peace establishment." This is em-  
phatically an iron division and the  
Roundheads an ironside regiment and  
nervous men would do well to keep  
out of it. Besides, Col. Penton of the  
8th Michigan who commands the first,  
and the colonel of the Roundheads,  
who commands the second brigade,  
lead their men in battle, and the fact  
has proved that. Well—no matter.  
Gordy has a sore boil under his arm  
and cannot put on his uniform but  
attempts to office duty. He has three  
clerks and carries on the business of  
his two offices under my own eye. My  
own time is occupied. I sit at a court  
martial from 10 until 3 every day and  
the mornings and evenings are taken  
up with military details of various  
kinds.

I have received no letters from  
home since our arrival here and the  
letters that went to Port Royal will  
not reach us here for many weeks.  
Oh! how I long for a letter from  
home. After the next great battle, if  
I live through it, I will ask for a  
little leave of absence, though I sup-  
pose I could not get it. I think the  
enemy will attack McClelland soon.  
He is a fool if he don't. He is at his  
strongest now and McClelland at his  
weakest point in regards to numbers.  
I look for marching orders every day,  
though others think otherwise. I see  
poor Jimmy Gurvin's name amongst  
the killed before Richmond. I hope  
it is a mistake. I hope the govern-  
ment will look upon this war as one  
of subjugation before it is too late, for  
a war of subjugation it must be, or  
there must be a southern confeder-  
acy.

Give my dearest love to all those  
around the hearth stone, including  
those around kindred hearth stones.  
Gordy sends love to all.

## Gas Engine Firms Plan Big Merger

Bessemer Gas Engine To Com-  
bine With C. G. Cooper  
Concern Is Reported

(International News Service)  
GROVE CITY, Pa., Jan. 30.—Mer-  
ger of two of the largest gas and oil  
engine manufacturing companies in  
the county was believed closer today  
following a meeting of the stockhold-  
ers of the Bessemer Gas Engine com-  
pany here, which will combine with  
the C. G. Cooper company of Ham-  
ilton and Mt. Vernon, Ohio, if the pro-  
ject is carried out.

The Bessemer, the largest industry  
in the section, employs 1,500 persons  
and is valued at about \$4,000,000. The  
Cooper Company is of similar size.  
The concerns, if merged, will continue  
to make gas and oil engines and ac-  
cessories with plants here and in  
Hamilton and Mt. Vernon.

Officials of the Bessemer Company  
said after the meeting, which was ad-  
journed until a later date, that it was  
of a harmonious character and said  
that the project will go through unless  
some unforeseen hindrance should  
develop.

Several months will elapse before  
legal steps necessary for the merger  
can be taken, it was said. Stockhold-  
ers have been advised that if they do  
not care to accept stock in the new  
concern their stock will be purchased  
from them.

India office was without any confir-

King Amanullah's tribal troops had  
captured and immediately shot the  
son of Habibullah Khan, present oc-  
cupant of the Afghan throne at Ka-

For Her.

"Ten Herbs has made a wonderful  
change in me," was the statement of  
Mrs. Jennie Nolte, Route 1, Coraopol-  
is, Pa. (near Pittsburgh), according  
to the Ten Herbs Man, who is at Ek-

MRS. JENNIE NOLTE

Washington street, New Castle, where  
he is daily demonstrating this great  
natural medicine to large crowds. "I  
want to tell the public what your  
medicine has done for me," Mrs. Nolte  
continued.

"I had become so nervous that the  
least thing would excite me, and I  
slept poorly. I had lost my appetite,  
and the little I ate did not digest  
properly. Gas would form, and I  
would get so nauseated that I would  
almost vomit. A lump would form,  
and I would have water brash. My  
tongue was coated, and I had such  
severe dizzy spells that if I stooped  
over everything would get black in  
front of me. Occasionally there  
were pains across my back and I  
would have a siege of rheumatism.  
These pains would shoot from my  
ankles to my shoulders.

"I was completely worn out when I  
learned about Ten Herbs and started  
using it. Now even friends note the  
great change in me. I have a better  
appetite, and can enjoy my meals  
without fear of the terrible misery  
afterwards, as I do not have gas,  
bloating, or nauseated feeling. That  
lump does not form, and there is no  
more water-brash. My bowels are  
regular and dizzy spells are gone. My  
liver seems to be working properly.  
Pains have left my back, and only oc-  
asionally do I feel a slight rheuma-  
tic twinge. I have new strength and  
ambition. I sleep more soundly and  
feel better in every way; and that is  
why I gladly endorse Ten Herbs to  
the public.

The Ten Herbs Man is at Ekerd's  
of New Castle, Inc., 30 East Wash-  
ington street, New Castle, where he  
is daily meeting the public and ex-  
plaining the merits of this medicine.

BLAST CAP IN COAL

CHARLESTON, W. Va., Jan. 30.—A  
blasting cap lodged in a lump of coal  
was the basis for a \$50,000 damage  
suit filed in United States court here  
by Katherine Barber, 22, of Cleveland,  
against the Kingston-Pochahontas  
Coal Company at Welch.  
Mrs. Barber alleged that the blast-  
ing cap exploded when she placed  
the coal on a fire and that as a re-  
sult of the explosion she lost the  
sight of one eye. The coal, Mrs.  
Barber said, was purchased from the  
L. J. Neff Coal and Supply Company  
of Cleveland, which had purchased  
the fuel from the Kingston-Pochahontas  
Company.

## Evans City Noses Out Local Basketball Team Tuesday

Coach McGoun's Lassies Swamp Their Opponents By Overwhelming Score Of 25-8

Slow Headway At Opening Of Game Costs Lee's Men To Lose To Opponents By A Hair

ELLWOOD CITY, Jan. 30.—An exciting and hectic basketball contest took place Tuesday evening when Ellwood City high dropped a close one at Evans City by a small margin of 25-8. Coach McGoun's lassies again triumphed by swamping the Butler county lassies 25-8.

Lee's men seemed unable to get under way and before they realized what was happening the Butler county lads had piled up a high score. A rally in the last quarter, however, making several pretty shots, brought the blue and white within winning range, but they missed the opportunity.

The Tubers missed a number of chances to score. At the half Evans City enjoyed a good lead. Ellwood, no doubt, expected an easy victory, but received a jolt when the opponents began to uncoil some superb passing and ball play throughout the contest. An extra period was almost necessary when King was granted a foul but failed to shoot it.

King and Dunn led a strong attack for the losers. The former was one of the outstanding performers, racking a total of four baskets. Dunn caged two. Kennedy and Denton were the stellar performers for the winners. Each collected three baskets and finished a brilliant passing attack.

In the preliminary McGoun's machine got off to a good start and was never in a dangerous position. With Thompson and Blasin leading a swamping attack, the opponents were helpless.

Groves was the big gun for the Evans City lassies, scoring all of her team's points. She was outstanding for her colors and played a fine game. Friday night will find Ellwood City high's courtiers at New Castle. A double attraction is to be staged between these ancient rivals.

Lineup:  
Ellwood City..... Evans City  
Priedoff..... Kennedy

## Dr. C. B. Wingerd Gives Clever Talk At Banquet Here

One Hundred And Thirty-Five Attend Annual Fathers and Sons Banquet At Church

ELLWOOD CITY, Jan. 30.—One of the most successful fathers and sons banquets ever staged in the history of the church occurred Tuesday evening when the annual get together was enjoyed by 135 fathers and sons of the United Presbyterian church.

The speaker of the evening, Dr. C. B. Wingerd of the Central Presbyterian church of New Castle, struck a different note in his talk on "What I Say Unto You I Say Unto All." Out of the old word is the famous Bible quotation he made an interesting anecdote as follows: W for Watch your words; A for Watch your actions; T for Watch your temper; C for Watch your companionship and H for Watch your habits. Any boy regulating his life by the above anecdote could not go far wrong was the opinion of Dr. Wingerd's interested listeners.

The tables were decorated in red and white, with cut flowers and gleaming candles providing a festive touch. The entire program went off without a hitch from the high school band music to the vocal solos by Prof. Paul Winter and Frank Humphrey, through the clever toasts given by D. H. Conner and Frank Gross, Jr. to the poignant song by the assembly. A feature of the meeting was three prizes given, first to Joseph Minter as the oldest father present. He is the father of Rev. W. E. Minter and three generations of the family were present. A second prize to the youngest son present, little Percival Kelly, Jr., and to the family having the most sons represented, R. H. Young who had three. One of the prime features of the banquet was of course the food for which all credit is due the ladies of the church.

## Mrs. Barton Is Club Hostess

ELLWOOD CITY, Jan. 30.—Mrs. Berwick Barton of Fourth street entertained the members of the Young Matrons club and a few special guests Tuesday evening at her home. Two tables were in play and at the conclusion of a pleasant evening social honors were won by Mrs. Henry Schenck and Mrs. F. M. Reed. Special guests present were Mrs. John Rohrer, Mrs. Leo Mason and Mrs. F. M. Reed. Later delicious refreshments were served by the hostess. A Valentine motif was discernable in the tally counters. In two weeks Mrs. B. J. Bell of Glen avenue will entertain.

## Donations For Hospital Are Solicited Here

Modern New Addition Nearing Completion And Public Is Given Chance To Aid

Many Prominent Local Citizens Have Already Donated Money For Furnishings

ELLWOOD CITY, Jan. 30.—Citizens of Ellwood City will be given a chance to come to the front once more, and aid in furnishing the interior of the modern new addition to the Ellwood hospital. When the main building of the hospital was first built, several organizations and individuals gave plentifully and their names were inscribed on several wards and private rooms.

With the new addition rapidly nearing completion there are a few rooms still needing furnishings. These furnishings are within the means of any organization, church society or individual. Plans and estimates on the cost of furniture can be viewed at the office of the Building and Loan company on Lawrence avenue. There is a wide price range, depending on whether a complete room, nurses' station, diet kitchen, etc., is to be furnished. Many citizens have already contracted to furnish wards and other rooms and many of these will be memorials to some departed member of a family or organization. There is no worrier cause for which any sum may be expended.

The following have already contracted for the furnishing of rooms: D. A. Evans, Jonathan Evans, Mr. and Mrs. W. H. Goehring, J. W. O'futt, George Pugh, the A. W. Class of the U. P. church, Women's Club, Hebrew Ladies Social club, the Klans club, the Rotary club, Laura M. Smith Missionary Society and the Margaret Pugh class of the First Presbyterian church, the Ellwood Furniture company, Stronach Nall company and many others.

The hospital company urges any public spirited individual or organization wishing to make a donation to do so at once so that the necessary material can be secured in time for the opening of the new addition, as it should be completely furnished for the formal opening.

## Washington Tea Planned By Class

ELLWOOD CITY, Jan. 30.—Members of the Progressive class of the First Christian church numbering 34 met Tuesday evening at the home of Mrs. Levada Koach of First avenue. A feature of the business meeting was the planning of a George Washington Tea an event of February 22 at the church.

## Scouts To Fete Parents With Dinner Party

Banquet For Fathers And Mothers Of Scouts To Be Event Of February 8 At Church

ELLWOOD CITY, Jan. 30.—Local scouts will tender a banquet to their fathers and mothers in the New Castle Methodist Episcopal church dining room on the evening of February 8. The prime purpose of the banquet is to stimulate the interest of the parents in scouting activities.

A great many parents know that their sons are scouts and that is the extent of their knowledge, whether he is a first class, tenderfoot, Eagle or just plain scout. The banquet will start at 6:45 p. m. and the local scout officials and county heads urge all parents to accompany their sons to this dinner. Many of the local organizations are already planning how many of their troops can take in this interesting event.

## HIGH LIGHTS OF HISTORY

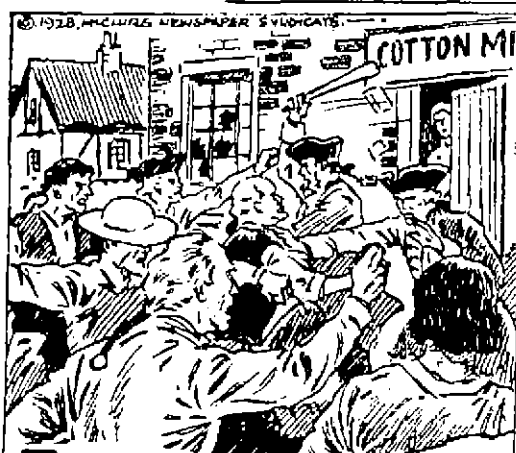

By J. Carroll Mansfield

The Story Of American Industry  
The Factory System In England

TO ENABLE THE ENGLISH WEAVERS TO KEEP PACE WITH THE GREAT QUANTITIES OF YARN WHICH THE RECENTLY-INVENTED SPINNING MACHINES WERE PRODUCING, EDMUND CARTWRIGHT, AN ENGLISH PREACHER, CREATED THE FIRST POWER LOOM FOR MAKING CLOTH IN 1735.

MILLS FOR SPINNING AND WEAVING COTTON SPRANG UP IN MANY PARTS OF ENGLAND. STEAM POWER WAS AT THAT TIME ONLY EMPLOYED FOR PUMPING WATER, AND THE WHEELS OF THESE EARLY FACTORIES WERE TURNED BY EITHER HORSE POWER OR WATER POWER.

THIS AN AGE-OLD HOUSEHOLD INDUSTRY WAS TRANSFERRED TO THE FACTORY. THE INTRODUCTION OF MACHINERY AROUSED THE HAND SPINNERS WHO FELT THEY WERE BEING ROBBED OF THEIR MEANS OF LIVELIHOOD, AND SERIOUS DISORDERS TOOK PLACE IN MANY INDUSTRIAL COMMUNITIES.

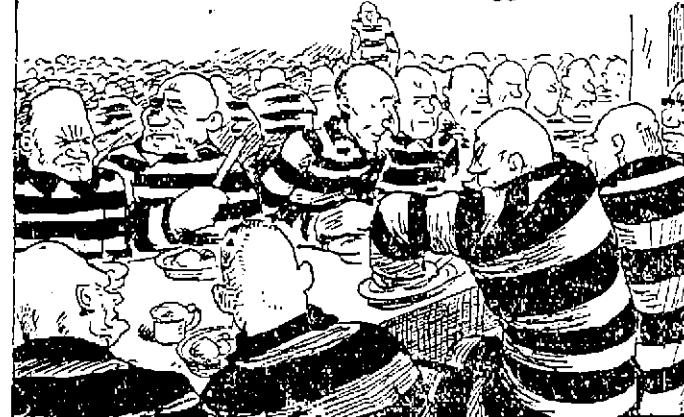

GREAT BRITAIN NOW HELD THE SUPREMACY OF THE TEXTILE INDUSTRY AND WAS DETERMINED TO KEEP THIS ADVANTAGE. SHE JEALOUSLY GUARDED THE SECRETS OF HER MACHINES, AND MODELS AND PLANS OF MACHINES WERE PROHIBITED BY LAW, AND SKILLED WEAVERS WERE NOT PERMITTED TO LEAVE THE COUNTRY. TOMORROW—BEGINNING OF THE FACTORY SYSTEM IN AMERICA.

## Rick Motors Win Title First-Half City League

Rick Motors Quintet Goes Through Entire First Half Of Season Undeclared

Lincolns Give Rick's Stiffest Opposition; Kulich Leading Scorer In Field Goals

By "BUGS"

The Rick Motors basketball team won the first half of the City League schedule that ended last Saturday. The Rick's went through the entire first part of the season in the circuit without meeting defeat. The Lincolns were in second place with four victories and two defeats. The Castletons and Knickerbockers were in the basement with one victory and five defeats apiece.

The Rick's defeated the Lincolns in a pair of games, 25 to 20, and 28 to 24. The Rick's and Lincolns were unquestionably the strongest teams in the loop in the first half. Things may be different in the second half, with the Castletons and Knickerbockers taking on strength.

Many fine games were played in the league during the first two months. The attendance was such that complaint cannot be made, although it would be encouraging to have more out of these contests. The league was conducted on a very businesslike basis and not one protest reached the commissioners.

**Kulich Leads Scorer.**

In the matter of scoring field goals Mike Kulich, former New Castle High star, led the list with 23 double-doubles. Andy Hartman and Clark McClelland were second high with 15 baskets. The former is a member of the Rick team and the latter favors with the Lincolns. Three men were tied for third highest scorer, Frazer of the Rick's, Nocera of the Rick's and Waggoner of the Castletons, with 13 baskets apiece.

The Rick's led in team field goals, tossing with 81 baskets. The Lincolns were second with 74, the Castletons were third with 37 and the Knickerbockers were fourth with 35. No accurate check of the fouls could be made.

The leading scorers in field goals were:

Name and Team	P.G.	Pts.
Kulich, Lincolns	23	48
Hartman, Rick's	15	30
McClelland, Lincolns	15	30
Frazer, Rick's	13	28

## New Castle High Prepares To Meet Ellwood On Friday

New Castle High school basketball team will have a real job on hands Friday night at Senior High gym when the fast Ellwood City High quintet is scheduled for a return game.

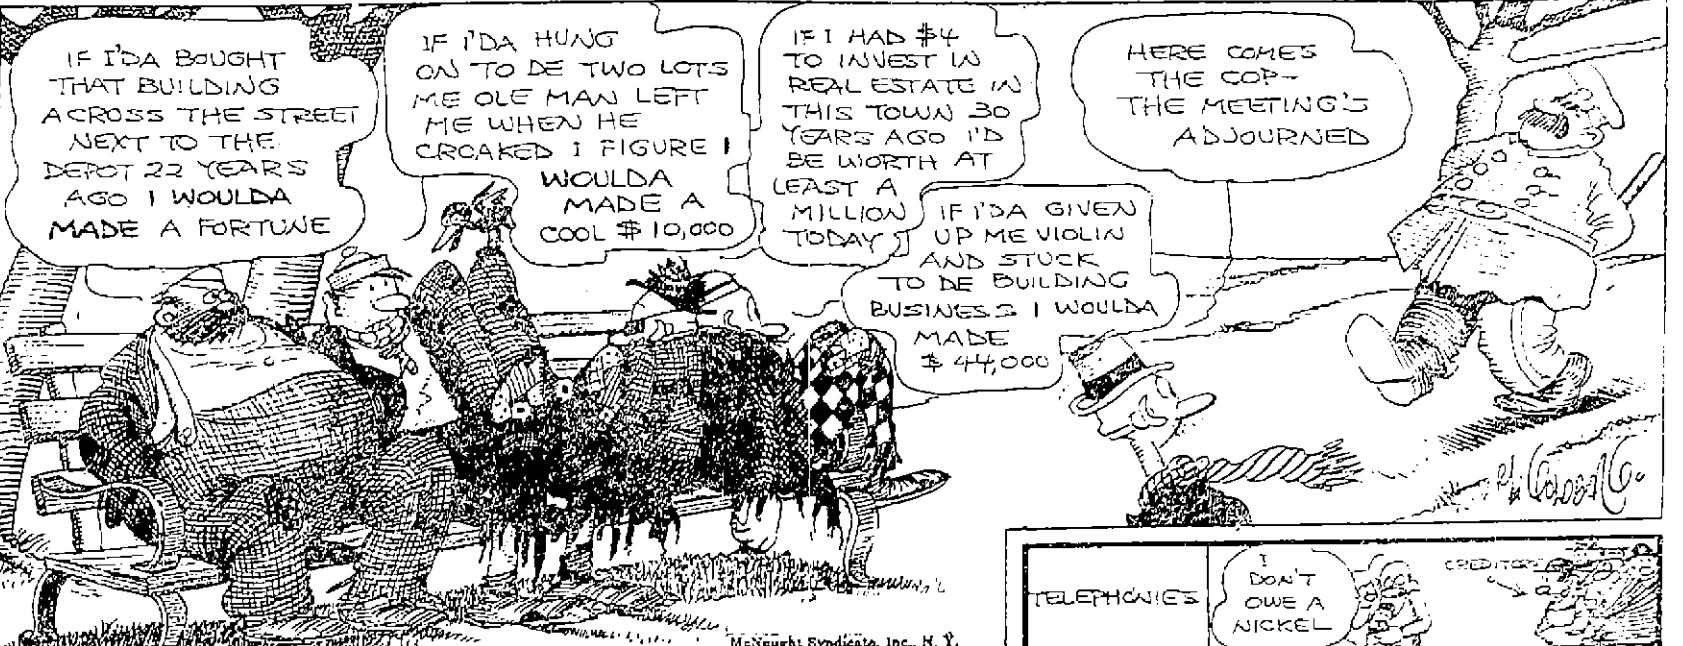

The Leemen have already defeated New Castle this year by a score of 16 to 12 and New Castle will try to even up the series on Friday. Coach Bridenbaugh will send the red and black tossers through plenty of work this week.

The New Castle team made a very creditable showing at Erie and Albion and it is hoped that they will continue their stride at the local court.

The Ellwood City High maidens will play the New Castle girls team here Friday night in a preliminary to the boys game. The girls game will start at 7:15 o'clock. The New Castle lassies recently defeated the Ellwoodians at Ellwood City and they hope to make it two straight here Friday evening. The McGoun coached machine following the New Castle defeat shook off their jinx and have been playing a snappy brand of basketball. A good game is anticipated.

## Amateurs Perform At Madison Square

(International News Service)

NEW YORK, Jan. 30.—Amateur boxers from three states will compete this evening in Madison Square Garden when the first inter-city amateur boxing show of the season is staged. Sixteen bouts will be staged during the evening, with New York youngsters paired against the best out-of-town opposition that can be obtained from New Jersey and Pennsylvania.

## The Memory'll Linger On

By QUIN HALL

Early next month the executive committee of the United States Lawn Tennis Association will go into another huddle in Boston to decide the fate of William T. Tilden, 2d, of Philadelphia, amateur tennis king and a journalist who writes of the game for some of the daily papers.

These two phases of his life, if you don't already know, are the cause of the official meeting which is booked for February 8, and is a follow-up on other meetings which have been held to thrash out the matter and decide once and for all just what's to be done about the bill and his amateur standing. An amateur tennis player in good standing is not supposed to use his standing in the sometimes necessary business of earning a living, according to the rules of the U. S. L. T. A.

The official squabble has been going on for some months, and apparently the way the U. S. L. T. A. governs the game can't seem to agree on just what should be done to the bad boy of tennis who the tennis world was upbraided just before the Davis Cup match in France last year when it was announced that the U. S. L. T. A. had named Tilden the ace of the team for the American hope. Ambassador Henshaw went to bat for Big Bill and he was vindicated in time to meet one of the most important events of the tennis world.

The U. S. L. T. A. body met Tilden at the desk of the arrived from abroad and pronounced another suspension on him. The bill went to him for himself and the public will find a new love club and did a little much hitting in his favor, but to no avail. He's still under suspension, but perhaps the huddle in Boston will clear up the muddy to everybody's satisfaction. It is to be hoped.

The general belief seems to exist that the governing body of tennis will probably do considerable thinking before it really makes Tilden's suspension permanent. This idea of putting

in the first four minutes of play and led at 3 to 0, soon after the game started, but Westminster with Delehanty, O'Donovan and Crowell dropping them through regularly, soon drew up on even terms, and it wasn't long until the New Wilmington crew had a very fine lead.

At the end of the first half the Westminster team led 20 to 5. The Thiel team was held to two points in sixteen minutes of play, not a bad defensive record for Westminster.

**Crowell Leading Scorer.**

The Westminsterers garnered fourteen points to eleven for Thiel in the final half. Coach Lawther used every available substitute that he had with him, and the reserves played fine basketball.

Crowell was the big noise in the Westminster victory with eleven points, four field goals and three fouls. Delehanty and O'Donovan were in a scoring mood and dropped in seven between them. T. Lewis had two buckets and Ciesinski had one.

Morris and Wardle the two Thiel forwards had two baskets apiece as their offering. Westminster made good on half of their fouls, getting 8 out of 16. Thiel had 5 out of 14.

It was a fast and interesting game despite the fact that Westminster stood head and shoulders above the Thielites. The defense of the Blue and White machine was functioning perfectly.

On Thursday night at New Wilmington the Westminster quintet will tangle with the fast Detroit City college team. The Michiganders are reputed to be a strong outfit and they hope to throttle the Pennsylvanians.

The summary—

Westminster 34 Thiel 16  
Delehanty ..... F. Morris  
O'Donovan ..... F. Wardle  
Crowell ..... C. Frampton  
Rice ..... C. Schilling  
T. Lewis ..... C. Myers  
Subs: Westminster—Ciesinski, W. Lewis, Kocheran, Fisher, Hutchinson; Thiel—none. Field Goals—Delehanty 4, O'Donovan 3, Crowell 4, T. Lewis, Ciesinski, Morris 2, Wardle 2. Schilling. Fouls—Westminster, 8 out of 16; Thiel, 5 out of 14. Referee—Cal Bolster. Time of halves—20 minutes.

## Lincolns-Niles Battle Tonight In Game At "Y"

Three Fast Games Booked Tonight At Y. M. C. A. Floor; First Game At 7:45

The Lincolns of the City league will battle the Niles O. quintet tonight at the Y. M. C. A. floor. Two other fast games are on the bill.

The first game will be between the Knickerbockers and New Castle Business college team. The second game brings together the Third U. P. and Pennsy railroad quintets.

The feature is the Lincoln-Niles engagement. The Niles team is reputed to be one of the best in Eastern Ohio semi-pro circles and they will come to New Castle bent on taking the measure of the locals.

## Christner-Paulino Battle Arranged

Akron Rubber Worker To Meet Gasque Wood Chopper In New York February 22

(International News Service)

NEW YORK, Jan. 30.—With the matching of K. O. Christner and Paulino Uzcudun for a Washington's birthday heavyweight party at Madison Square Garden, plans for spring and early summer eliminations were made public today by Colonel John S. Hammond, who sketched out a programme that at least sounds well given it is played over.

The good colonel will offer Tom Heeney a shot at the winner of the Christner-Paulino scuffle. It is his idea also to match the second winner with the winner of Friday night's brawl between Max Schmeling and Johnny Risko.

The survivor of these four eliminations will then be tossed in with the winner of Miami Beach. And then, the colonel adds, if Dempsey is willing to meet the battle-scarred veteran who then holds the fort alone, he will be accommodated. If not, the lone survivor should be crowned champion without further ado.

## Carnegie Tech At Geneva Tonight

Geneva Passers To Have Hands Full With Fast Tech Quintet Tonight

BEAVER FALLS, Pa., Jan. 30.—With examinations out of the way Coach Leffler's Geneva quintet is again devoting its time to basketball. The Covenanters have a strenuous program ahead of them during the next ten days, and the Geneva mentor intends to have several vigorous practice sessions.

Tonight Carnegie Tech's passers will journey to Beaver Falls to play a return engagement, and the Gold and White Jousters are extremely desirous of taking the Plead's measure, for John Irwin's proteges hold the only collegiate decision over the Covenanters this season. With Tony Paulsey in the lineup the Covenanters have added strength.

The probable starting lineup will be Montgomery, Friedman, or Paulsey at forward; Ransom at center; Erick and Merian at guards.

The following Saturday, the Gold and White invades Morgantown to take on the undefeated Mountaineers of West Virginia University, and then return home on Monday to engage with Furman Nuss' Bethany Bisons. The conference dark horse.

## Thorn Shakes Up Crimson Quintet; Meet Thiel Next

Coach Bob Thorn Not Satisfied  
With Basketball Material  
This Year

GROVE CITY, Pa., Jan. 30.—Shaking up the Grove City College basketball line-up for a between-semester game with Thiel College, Coach Bob Thorn served notice that all positions on the varsity are open, and that every player is on trial. In the face of a hard game, Thorn displaced three men who have been starting the opening games of the season.

DeCoster, a new man who flashed into prominence in the Allegheny game was sent to guard. His speed should aid the Crimson during the rest of the campaign. Caulfield, a new man who reported with the floor squad only last week, was also given his chance. Predictions are being freely offered on the campus that the new man will win a regular berth. Then Bartlebaugh, former V. & J. passer who was ineffectual until the second semester, replaced Valeski at forward and his work in his first game stamps him as a potential star. Reeves replaced Burke at the center position.

Grove City's chance to finish high in the district standing will depend largely on the close of the campaign, when the hard games are scheduled. To date the Groves have not been impressive, but a gradual improvement has been noted, and Crimson fans are confident that Coach Thorn will have his club at the peak for the closing games with Allegheny, Pitt, West Virginia, Westminster and Geneva.

Grove City College has dominated Tri-State basketball for many years. Previous to 1927, no Crimson court team had finished below second place since 1920, when Thorn assumed athletic direction at the local school. Crimson leadership has been threatened for two years, but the final half of the present campaign may hold surprises for district rivals.

## SORDS POINTS

All Strokes The Same To This Little Star

She's a little mite.

By JACK SORDS  
Sports Cartoonist-Writer for Central Press and New Castle News.

Eleanor Holm, little New York swimming sensation, has accomplished such aquatic feats in recent months as to place her at the top among women in all-around competition. In winning the metropolitan senior 300-yard medley championship recently, Miss Holm displayed her ability as an all-around star. This event

calls for three 100-yard swims of breast, back and crawl strokes, in order. Her time for the complete distance was 4:23.3, which broke her own world's record of 4:26.1-5. She covered the breast stroke 100-yard stretch in 1:26.1-5, a remarkable speed for a 75-foot pool. Her ability has swimming experts guessing as to how such a little mite of a girl can attain such speed. She tips the scale a little better than 100 pounds and is only 15 years old.

## HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

Duquesne received a score at Pittsburgh last night when St. Francis held the Dukes to 32-30 score.

All but eight Giants have signed 1929 contracts. Linstrom and Terry have not yet put their names to the papers.

U. S. Carpenter and Battling Gitzzy have signed to box a main bout at Pittsburgh Friday night.

Coach Thorn has given the Grove City five a shakeup. He says that all positions are open and new will come the survival of the fittest.

Paavo Nurmi, speedy Finn will enter a handicap Thursday at New York. Some will be given as many as 170 yards to start against Nurmi.

George Perotta will return to training today. That is the right plan of action. Perotta is anxious to keep going as often as possible.

Al Erown went to Paris and knocked out Tiger Humery five seconds after the bell sounded. A right to the chin, done the work.

If Dick Evans and Henry Firpo could be brought together it certainly would cause some hot action here. Weight would be a big question.

Firpo has fought here often but he wouldn't have anything soft with Dick battling them over. Evans is a good boxer and a sharp puncher.

Tom Check, 103 year old horse trainer, is dead at Havana. He started as a stable boy when he was in knee pants.

Some of the boys claim that Mickie Dugan was down like Tunney at Chicago. It is providing lots of talk.

Oh, well if Romeo Pacelli turned it once he will probably like to "turn" Dugan over for sleep.

Emmett Rocco was at the bout a few nights ago. The big boy was not marked up by his encounter with Jack Gross. Emmett's all right.

Fritz Stifel of Wheeling, advanced to the second round by defeating Mrs. H. Dinkak 6 and 4 at Belleair, Fla.

Willis Stribling has acquiesced to Jack Dempsey's request not to fight with injury or worse by jumping around in an aeroplane.

It won't be long now until the horsemen here will be seen jogging their horses.

Over in Youngstown they have the impression that Dick Evans is the berries. A lot of people around here think so too.

The Tigers club is rehearsing for their minstrel show. That ought to be a good show. Bill Chill is getting as big as an elephant.

Teecho Mack headed a gang of rooters to the Docks. Teecho's place is one where billiards and fight talk is nothing but.

Carlegie Tech and Geneva will clash tonight in a return contest at

Beaver Falls. The Plaid hopes to end their losing streak.

Jack Sharkey will commence training next week for his boxing bout with Young Stribling at Miami Beach.

## First M. E. Leads Church Bowlers

With but a few more games to play, the First M. E. and the Mahoning M. E. bowling teams are fighting hard to win the Church League championship. The Mahoning team is crowding the First M. E. bowlers pretty closely and it will be a toss up as to who will emerge victorious.

The present standing:

	Won	Lost
First M. E.	26	4
Mahoning M. E.	23	7
Croton M. E.	20	10
First Baptist	18	12
Central Christian	16	14

New Chrysler "75" Royal Sedan, \$1535. Wire wheels extra.

In Speed, Dash, Stamina,  
the public knows

# CHRYSLER

ranks with cars costing hundreds of dollars more

CHRYSLER popularity is due not only to the public acceptance of Chrysler originality in style and beauty, but to the acclaim of the freshness of Chrysler engineering and performance.

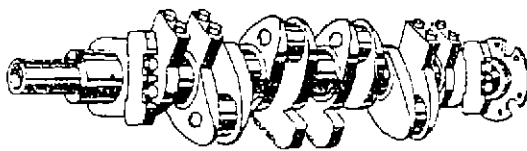

Chrysler engineers bring to the task of developing their new cars the same originality and the same enterprise which characterize their achievements in style and beauty.

Chrysler engineers, from the beginning, have applied what is best in the existing art and practice of the industry, but have not been content to accept even such features without subjecting them to their own improving touch.

In addition, they have devised and developed so many entirely new features that Chrysler cars are in no sense like anything else that runs.

That is why the speed, the dash, the stamina you find in Chrysler can scarcely be equaled, much less surpassed, in cars costing even as much as a thousand dollars more.

NEW CHRYSLER "75" PRICES—(with 6-ply full-balloon tires)—Royal Sedan, \$1535; Coupe (with rumble seat), \$1535; Roadster (with rumble seat), \$1555; Town Sedan, \$1655; Crown Sedan, \$1655; Convertible Coupe (with rumble seat), \$1795; 5-passenger Phaeton, \$1795; 7-passenger Phaeton, \$1865; Convertible Sedan, \$2345. NEW CHRYSLER "65" PRICES—Business Coupe, \$1040; Roadster (with rumble seat), \$1065; 2-Door Sedan, \$1065; Touring Car, \$1075; 4-Door Sedan, \$1145; Coupe (with rumble seat), \$1145. Wire wheels extra. All prices f.o.b. factory.

All Chrysler engines are provided with counter-weighted 7-bearing crankshafts. An expensive feature, but one that provides an almost incredible engine smoothness and remarkable long life.

## Business College Tops Union High

The New Castle Business College basketball team defeated the strong Union High school team last night at the new Union High gym floor, by the score of 27 to 26. The game was hard fought in every quarter, and was not decided until the final minute of play.

It was the first defeat in seven games for Union High, and the Burnham coached team put up a terrific fight before they were subdued. The score at half time favored the Business College quintet 10 to 9. The lead zigzagged back and forth continually during the entire game. Babosky, Drake and Miller looked the best for the Business College team.

team, making ten baskets between them, while for Union the playing of Shiek and Augustine featured, the former had seven baskets.

The game was undoubtedly one of the best played at Union High this year and was witnessed by a fair sized crowd. Thrilling moments were in abundance, with first one team and then the other taking the lead. There were many sensational shots.

with Commander Byrd's expedition into the Antarctic.

When Miss Roach heard that John G. O'Rourke, operator of a radio station here, had been communicating with Norwegian whaling vessels in the Antarctic, she persuaded him to accept a message for Van Der Veer. Saturday night she wrote the message and gave it to O'Rourke. It took him 40 minutes to get the range of the steamship Eleanor Bolling, Byrd's supply ship, which was returning to the Bay of Whales from Dunedin, New Zealand, with supplies. The message was transmitted and acknowledged. The radio operator aboard told O'Rourke the vessel would have reached Byrd within 24 hours. So next Sunday morning when O'Rourke again has permission to "take the air," Miss Roach will be awaiting a reply. The exchange is planned for each week-end.

## Switchback Railroad Will Be Abandoned

Famous Gravity Line Drew Thousands Of Sightseers Yearly; Built 100 Years Ago

MAUCH CHUNG, Jan. 30.—The famous Switchback railroad, extending from this borough to Summit Hill, will be abandoned, according to an announcement by its president, Harry A. Butler.

The road was built 102 years ago by the Lehigh Coal & Navigation company for the transportation of coal from Summit Hill by gravity to Mauch Chunk to boats on the Lehigh canal. It is one of the oldest roads in the United States. The gravity line was the idea of the late Judge Asa Peckler. The Switchback railroad drew tourists from all parts of the world. Engineers came from Japan to inspect it and pronounced its construction an engineering triumph. Sunday excursions from metropolitan centers carried 25,000 to 100,000 a summer season and brought about \$50,000 to the railroad, restaurants and shopkeepers.

## ST. MARY'S PUPILS GET JANUARY REPORTS

Pupils of St. Mary's parochial schools received their reports for the month of January this week and the reports indicate that the children at-

tending the schools have been making excellent progress in their studies and attaining better than the average in their studies.

The marks received by the members of the eighth grade were especially high, indicating that the members of this grade, from whom the graduates of the school will come this year, have been maintaining a high standard of scholarship this year.

## Nerves—Nerves

Mrs. Minnie Eldebrand, Box 124, Lafayette, O., writes: "I was a great deal upset for the sample of Whittier's Nerve Tonic. I was so bad and nervous I jerked and shook like a leaf. With the first dose of your medicine, I began to feel like myself, and I sleep so good. All day. How much better you look. Send me to J. W. Brant Co., Dept. 44, Albion, Mich., for a large free trial of this wonderful sleep producer and you can then get the real sleep at most any drug store at \$1.10 a bottle."

## "Circuit Breaker" Newest Invention In Electrical Field

Invention Of "The Deion Circuit Breaker" May Revolutionize Electrical Field

(International News Service) NEW YORK, Jan. 30.—Invention of "the deion circuit breaker" which is hailed as the electrical industry's most important development of recent years, was publicly announced for the first time today at the annual meeting of the American Institute of Electrical Engineers. The device, based on a fundamentally new method of interrupting an electric current, is the only new method advanced in 25 years. The name "deion" is derived from the essential feature of its operation, the deionization of an electric arc. Dr. Joseph Slepian, of whose en-

gineering genius the invention is a product, told the assembled delegates of its theoretical and mathematical aspects. He is a member of the research staff of the Westinghouse Electric and Manufacturing Company.

The new circuit breaker eliminates entirely the use of insulating oil.
